Twentieth District—Clay, Jefferson, Wayne, Hamilton, Edwards, Wabash, Franklin, White, Gallatin and Hardin counties.

Twenty first District—Marion, Clinton, Washington, St. Clair, Monroe, Randolph and Perry counties.

Twenty-second District—Jackson, Union, Alexander, Pulaski, Johnson, Williamson, Saline, Pope and Massac counties.

THIRTY-NINTH ANNUAL REPORT

OF THE

Illinois State Board of Agriculture

DEPARTMENT OF AGRICULTURE,
SPRINGFIELD, Jan. 8, 1901.

The members of the State Board of Agriculture met as provided by statute, President Fulkerson in the chair.

The secretary read the following roll of members-elect for the years 1901-2:

President--Martin Conrad, Chicago, Ill.
Vice President at Large—W. H. Fulkerson, Jerseyville, Ill.
1st District—Ira McCord, Chicago.
2d District—Wm. E. Skinner, Chicago.
3d District—J. Irving Pearce, Chicago.
4th District—F. C. Rossiter, Chicago.
5th District—James Frake, Chicago.
6th District—H. A. Busse, Chicago
7th District—H. J. Cater, Libertyville.
8th District—C. F. Dike, Nunda.
9th District—A. J. Lovejoy, Roscoe.
10th District—E. B. David, Aledo.
11th District—Geo. H. Madden, Mendota.
12th District—J. A. Cunningham, Hoopeston.
13th District—C. A. Tatman, Monticello.
14th District—D. W. Vittum, Canton.
15th District—A. D. Barber, Hamilton.
16th District—C. M. Simmons, Griggsville.
17th District—J. F. Prather, Williamsville.
18th District—Wm. A. Young, Butler.
19th District—J. K. Dickerson, Lawrenceville.
20th District—John M. Crebs, Carmi.
21st District—Thos. S. Marshall, Salem.
22d District—J. C. Chapman, Vienna.

All of whom were present except Mr. Busse, of the Sixth district.

Mr. Fulkerson, the retiring president, introduced Mr. Conrad, president-elect, who addressed the board as follows:

PRESIDENT'S ADDRESS.

To the Illinois State Board of Agriculture:

GENTLEMEN—At this, the beginning of a new century, I congratulate the members of the board. The century that has passed has been a most memorable one. Its beginning found our State a wilderness, inhabited by the red man with wild animals for his companions. Its growth has been marvelous; in fact the history of our progress from 1800 until now reads more like a fairy tale than the recital of actual facts. The old-fashioned "prairie schooner" has been succeeded by trains of palace cars, and new country is now opened up, not by the pioneer settler but by the enterprise of men who have millions of dollars invested in building railways into unproductive sections. The wooden mold board has given way to the steam plow, while the flail is a memory undisturbed even by the noise of the steam thresher.

While on every hand there has been great progress, in no place has it been more marked than on the farm and in the farmer's home. Into the latter have gone all the various improvements that lighten the labor of the housewife, as well as all the culture and refinement which characterize the home of affluence in the city.

To the State Board of Agriculture must be given much of the credit which places the Illinois farmer today in the front rank. Our annual State fairs still continue to be a school of instruction, alike to the old and young farmers of the State, and the statistics of varied crops, great productions and unprecedented enterprise of the Illinois farmer, demonstrate the wisdom of the Legislature in caring with such a free hand, for the interests of the State fair. It is a matter of pride to every citizen of the State that it is now conceded by all that our annual fair stands without a rival in the Union, while the commodious grounds are the admiration of every one who visits them.

But we must not stand still. Progress has ever been the chief characteristic of Illinois, and the beginning of this century is no time to call a halt. Every one who has visited the fair for the last few years has been impressed with the lack of accommodations in Machinery Hall. When this building was constructed it was supposed to be ample for the needs of exhibitors for years to come, but such is the reputation of our State fair that this building has for years been utterly inadequate for the accommodation of exhibitors. The manufacturing interests of Illinois lead all the states in the Union, and everything should be done to give them the utmost encouragement. It is not dealing fairly with those who spend large sums of money to make their exhibits, to require them to occupy tents on the ground, and I hope the Legislature will give us ample appropriations to enlarge this building so that it may be ample in its accommodation for every exhibitor who desires to bring the products of his factory or shop to the "Greatest Fair on Earth."

The same may be said of the exhibitors in the live stock department. I refer especially to cattle and horses. Some provision must be made at once for the proper showing of the rings in this department. The plans and specifications have already been adopted by the construction committee of the retiring board for a live stock pavilion capable of seating 5,000 people, and with all accommodations for the showing of horses and cattle under shelter.

I most earnestly recommend that an appropriation be asked for, sufficient for the erection of this building during the coming season and in time for our next fair.

The Woman's Building, which was presented in a perfectly complete form for the first time last year, will be kept in charge of ladies who will see that its varied uses are increased. The establishment of this building was an idea fraught with great good for the wives and daughters of the farmers of the State, and there are yet much greater possibilities in the future. It has proven a great school for lessons in cooking, and has been the means of educating many in most economical methods in the household.

When we have carefully canvassed the work upon which we have just entered, other improvements may suggest themselves, and if so, we have full confidence in the liberality of the people, through the Legislature, to

make ample appropriation for our needs. The Legislature in the past has most patriotically responded to all requests for support, and every dollar appropriated has been honestly expended. It is a matter of congratulation that the board invites the very closest scrutiny, with the manner in which its affairs have been conducted, conscious that no wrong will be found.

During the coming two years I urge each and every one of you to still greater diligence than has ever been shown. Illinois is a vast empire; it is now the third state in the Union in population, but in its agriculture and manufactures it stands without a rival. Much of its future depends upon you and the manner in which you discharge your duties during the coming two years. The people have the right to expect from you service commensurate with the importance which Illinois' position demands. I believe you will not disappoint them, and that we shall turn over to our successors a better record than has ever before been known in the history of the State.

To this end I will bend my energies, and with the hearty coöperation which I feel I will have, I am certain we will succeed.

On motion of Mr. Crebs, Mr. Madden was appointed secretary *pro tempore.*

On motion the secretary *pro tem* was instructed to cast the entire vote of the board for W. C. Garrard for secretary for the ensuing two years, which was done, and Mr. Garrard declared duly elected secretary for the years 1901-2.

On motion of Mr. Prather the secretary was instructed to cast the entire vote of the board for Mr. E. A. Hall for treasurer for the ensuing two years, which was done and Mr. Hall was declared duly elected treasurer for the years 1901 and 1902.

The president laid before the board the following communication from Hon. F. A. Busse:

Hon. Martin Conrad, President State Board of Agriculture.

Dear Sir:—I hereby tender my resignation as a member of the State Board of Agriculture, to take effect at once, as my official duty as State Senator will prevent my giving the matters pertaining to the State Board of Agriculture the attention they deserve. I would be greatly pleased if the board would name Jacob F. Rehm as my successor. Mr. Rehm is well known to you and needs no further recommendation from me. You will kindly explain to the board my reasons for this action, as you are fully acquainted with the facts.

Respectfully,

Fred A. Busse.

On motion of Mr. Madden the resignation of Mr. Busse was accepted

On motion of Mr. Lovejoy the secretary was instructed to cast the entire vote of the board for Hon. Jacob F. Rehm, Jr., to fill the vacancy occasioned by the resignation of Mr. Busse, which was done and Mr. Rehm declared duly elected a member of the Board of Agriculture from the Sixth Congressional District.

Mr. Lovejoy offered the following resolutions and moved their adoption:

Whereas, In view of the fact that the grandest live stock exposition ever held in the world has recently been held in the State of Illinois, reflecting credit on the live stock interests in Chicago and the State at large,

Resolved, That the State Board of Agriculture of the State of Illinois does hereby appreciate, recognize and hereby endorse the enterprise and business acumen of the management at the Union Stock Yards and Transit Company of Chicago, in their giving to the world at large so grand an exposition of the live stock resources of our country, encouraging the live stock people to greater effort in the advancemet of their industry.

Resolved, That the thanks of this board in annual session assembled be and are hereby tendered to the management of the Union Stock Yards Company of Chicago, and to Mr. W. E. Skinner who so ably conducted the exposition; and be it further

Resolved, That we hope that the great International Live Stock Exposition has come to be a permanent feature in our State, and that the breeders, feeders and farmers of the country at large will indorse the show.

Mr. Tatman offered the following resolution, which was adopted:

Resolved, That the president of this board be authorized and requested to appoint the following superintendents of departments and the following standing committees for the ensuing two years:

SUPERINTENDENTS OF DEPARTMENTS.

Class A—Cattle. Section I, Beef Breeds.
Class A—Cattle. Section II, Dairy Breeds.
Class B—Horses. Section I, Heavy Horses.
Class B—Horses. Section II. Light Horses.
Class B—Horses. Section III, Speed.
Class C—Sheep.
Class D—Swine.
Class E—Poultry.
Class F—Mechanic Arts.
Class G—Farm Products
Class H—Horticulture and Floriculture.
Class I—Fine Arts.
Class K—Textile Fabrics.
Class L—Education.
Class M—Machinery.
Class N—Dairy, Culinary and Apiary.
Marshal of the Ring.
Auditor.
General Superintendent of Grounds and Buildings.
Superintendent of Permits and Privileges,
Superintendent of Tickets.
Superintendent of Gates.
Superintendent of Transportation.
Managers of Woman's Building.

STANDING COMMITTEES.—Rules, Printing, Judiciary, Crop Reports, Finance Library, Museum, Agricultural and Industrial Education, Horticulture, Dairy, Fertilizers, Reception, Legislation, Pedigrees—Class A, Cattle—Class B, Horses, Music and Attractions, Grounds.

By unanimous consent, Wm. M. Robertson, expert accountant of Springfield, Ill., came before the board and explained a claim filed by him for the sum of $500.

On motion of Mr. Pearce, the claim was referred to the finance committee.

By unanimous consent, Mr. Fred H. Rankin, secretary of the Illinois Live Stock Breeders' Association, came before the board, requesting that the proceedings of said association be printed in the proceedings of the Board of Agriculture for 1900.

On motion of Mr. Lovejoy the secretary was authorized to include the proceedings of the annual meeting of the Illinois Live Stock Breeders' Association in the proceedings of the Board of Agriculture for 1900 as requested.

On motion of Mr, Marshall, the following resolution was adopted:

WHEREAS, The Illinois Experiment Station provides in its organization that the Illinois Board of Agriculture shall have one representative on its board of directors; and

WHEREAS, The term of the present incumbent has expired; therefore, be it

Resolved, That the president of this board be authorized to appoint one member thereof as a member of that board of directors for the ensuing year.

Whereupon the president appointed Hon. J. Irving Pearce as such representative.

The secretary read a communication from the Illinois Live Stock Breeders' Association transmitting a copy of a preamble and resolution with reference to the erection of a live stock pavilion on the Illinois State Fair grounds, which preamble and resolution were read by the secretary and ordered printed in the annual report of the Board of Agriculture for the year 1901:

WHEREAS, The Illinois State Fair was permanently located at Springfield in 1894; and

WHEREAS, The State Board of Agricluture in its judgment and discretion has provided ample and convenient accommodations for the exhibition of machinery, farm products, mechanic arts, poultry, sheep and swine, and an amphitheatre second to none in the country from which may be witnessed speed contests, but has up to this time made no provision whatever for the showing of cattle and horses to halter, owing to lack of funds to do so; and

WHEREAS, It has come to the knowledge of the Illinois Live Stock Breeders' Association that the State Board of Agriculture has prepared plans and specifications for a live stock pavilion in which cattle and horses may be shown under shelter, said building to have a seating capacity of 3000 or 4000, and will present the same to the coming General Assembly and ask for an appropriation to erect the same; therefore be it

Resolved, That it is the sense of this association that such a building should be erected in time for the holding of the next State fair, and so constructed as to be convenient for the holding of public sales, and that every encouragement should be given by the members of this association and others interested in the breeding of live stock, to the Board of Agriculture in its effort to obtain such an appropriation.

Resolved, That this association will use every honorable means to secure the aid and vote of our representative members of the General Assembly in the passage of this bill.

Resolved, That the Illinois State Board of Agriculture has placed the Illinois Live Stock Breeders' Association under special obligation for the many courtesies extended, and for the conveniences provided for the care and exhibition of stock used in the "Lessons in Live Stock Judging" at the State fair grounds, Nov. 14, 1900.

Resolved, That this association is under obligations to the State Board of Agriculture for the great favor of publishing the proceedings of the fifth annual meeting, in the annual report of the State Board of Agriculture.

The secretary read a communication from Mortimer Levering, Secretary of the American Shetland Pony Association, with reference to the classification for Shetland ponies at the Illinois State fair of 1901, which communication was referred to the superintendent of the light horse department.

Mr. Pearce moved that a committee of five be appointed to consider the president's address, which motion was adopted and Messrs. Dickirson, Madden, Cunningham, David and Frake were appointed as such committee.

On motion of Mr. Tatman, Mr. Pearce was added to said committee.

L. W. Hess, president of the State Clay Workers' Association, and Dr. A. L. Converse, a member of said association, addressed the board on the subject of providing a classification and an appropriation to pay the expenses of a clay exhibit at the State fair.

On motion of Mr. Skinner, the secretary was instructed to notify said association that the Board of Agriculture will cheerfully grant a classification for the proposed exhibit, but owing to the condition of the treasury the board must decline to make the appropriation to pay the expenses of the same.

Mr. Frake, from the special committee on the president's address, presented the following report:

Your committee, to whom was referred the president's address, begs leave to report that it has carefully considered the same and fully concurs in all of its recommendations; and we suggest that that portion of the address asking for appropriations for the extension of Machinery Hall and the Live Stock Pavilion be referred to the committee on legislation. J. K. Dickirson, J. A. Cunningham, E. B. David, J. Irving Pearce, Geo. H. Madden, James Frake.

The president submitted the following list of appointments, which were approved by the board:

SUPERINTENDENTS OF DEPARTMENTS.

Class A—Cattle, Section I, Beef Breeds, J. F. Prather.
Class A—Cattle, Section II, Dairy Breeds, J. A. Cunningham.
Class B—Horses, Section I, Heavy Horses, Ira McCord.
Class B—Horses, Section II, Light Horses, A. D. Barber.
Class B—Horses, Section III, Speed, Geo. H. Maiden.
Class C—Sheep, J. C. Chapman.
Class D—Swine, Wm. E. Skinner.
Class F—Poultry, James Frake.
Class F—Mechanic Arts, Jacob F. Rehm.
Class G—Farm Products, D. W. Viltum.
Class H—Horticulture and Floriculture, Wm. A. Young.
Class I—Fine Arts, E. B. David.
Class K—Textile Fabrics, Thos. S. Marshall.
Class L—Education, F. C. Rossiter.
Class M—Machinery, C. F. Dike.
Class N—Dairy, Culinary and Apiary, H. J. Cater.
Marshal of the Ring—C. M. Simmons.
Auditor—E. B. David.
General Superintendent of Grounds and Buildings—A. J. Lovejoy.
Superintendent of Permits and Privileges—J. K. Dickirson.
Superintendent of Gates—C. A. Tatman.

Superintendent of Tickets—John M. Crebs.
Superintendent of Transportation—J. Irving Pearce.
Managers of Woman's Building—Mesdames E. G. Oglesby, Elkhart; N. B. Wiggins, Springfield, and H. M. Dunlap, Savoy.

STANDING COMMITTEES.

Rules—Messrs. Barber, Madden, Crebs, Prather and Simmons.
Printing—Messrs. Dickirson, Barber and Lovejoy.
Judiciary—Messrs. Frake, Rossiter and Chapman.
Crop Reports—Messrs. Dike, Prather, Young and Chapman.
Finance—Messrs. Madden, Crebs and Lovejoy.
Library—Messrs. Chapman, Cater and Marshall.
Museum—Messrs. Vittum, Skinner and McCord.
Agricultural and Industrial Education—Messrs. Marshall, Tatman, David and Frake.
Horticulture—Messrs. Young, David and Rehm.
Dairy—Messrs. Cater, Cunningham and Barber.
Fertilizers—Messrs. Skinner, Crebs and Cater.
Reception—Messrs. Fulkerson, Pearce, David, Frake and Rehm.
Legislation—Messrs. Lovejoy, Barber, Fulkerson, Dickirson, Madden, Skinner, Rehm and McCord.
Pedigrees, Class A—Messrs. Prather, Lovejoy, Simmons and Cunningham.
Pedigrees, Class B—Messrs. Tatman, Cater, McCord and Chapman.
Music and Attractions—Messrs. Marshall, Madden, Simmons and Crebs.
Construction—Messrs. Madden, Barber, Prather, Pearce and Lovejoy.
Grounds—Messrs. Dickirson, Prather, Rossiter, Young and Pearce.

On motion of Mr. Rossiter, it was ordered that the ex-president of the board be known as vice president at large, and that the secretary is instructed to so style him in all the printed matter of the board, wherever it is necessary that his name should appear.

Mr. Marshall offered the following resolution, which was adopted:

Resolved, That the president of the board be authorized and requested to appoint the clerical force for the years 1901 and 1902, with salaries the same as for the past two years.

On motion of Mr. Lovejoy, the board took a recess until 2:00 o'clock.

AFTERNOON SESSION.

The board was called to order by President Conrad.

Fred H. Rankin, president of the Beet Growers' Association, and P. G. Holden, representative of the beet sugar factory at Pekin, came before the board and requested that a classification for sugar beets at the Illinois State Fair of 1901 be included in our forthcoming premium list.

Mr. Crebs moved that $120 be allowed the superintendent of the farm product department to pay the premiums offered by the Board of Agriculture, which motion was adopted.

Whereupon, on motion of Mr. Skinner, the entire matter was referred to the superintendent of farm products, with instructions to include the same in the classification for that department.

On motion of Mr. Rossiter, it was ordered that exhibitors making application for entry in the lot for largest yield of corn per acre shall

be notified that before the secretary can accept their application the exhibitor must furnish a complete, detailed, sworn statement of the character of the soil, the method of cultivation from the time of breaking the soil to the husking of the crop, the date of planting and variety of seed planted, filing the same with the secretary on or before Monday, the 23d day of September, 1901.

Mr. John Baker, of Manhattan, Ill., appeared before the board and requested that a classification be given to the Polled Durhams, which matter was referred to the superintendent of class A, Beef Breeds.

Mr. Lovejoy moved that the classification for the several departments be left to the discretion of the superintendents thereof, with no increase of money to be offered in premiums without the consent of the board; which motion was adopted.

Mr. E. A. Hall, treasurer-elect of the Board of Agriculture, submitted his bond, which was referred to the committee on finance for examination and approval.

Mr. Madden, chairman of the committee on finance, reported to the board the bond of E. A. Hall, treasurer, duly approved, which bond is in the words and figures following:

Know all men by these presents, That we, E. A. Hall, treasurer of the Illinois State Board of Agriculture, B. H. Ferguson and John W. Bunn, securities, all of the county of Sangamon and State of Illinois, are held and firmly bound to the Illinois State Board of Agriculture in the penal sum of one hundred thousand dollars ($100,000) for the payment of which, well and truly to be made, we bind ourselves firmly by these presents, signed with our hands and sealed with our seals, this 8th day of January, 1901, A. D.

The condition of the foregoing bond is such that if the above bounden E. A. Hall shall perform all the duties required to be performed by him as treasurer of the Illinois State Board of Agriculture, in the time and manner prescribed by law, and when he shall be succeeded in office shall surrender and deliver to his successor in office all books, papers and moneys appertaining thereto, then the foregoing bond to be void, otherwise to remain in full force and effect.

(Signed.)

E. A. Hall, [Seal.]
B. H. Ferguson, [Seal.]
John W. Bunn, [Seal.]

Witness: Ernst H. Helmle.

Mr. Marshall submitted a communication from S M. Ripley of St. Clair county requesting that a classification be made for the best display of farm products by a visitor resident of another state than Illinois, and that a first premium of $75 and a second premium of $50 be offered, and that the premiums now offered for best display of farm products be restricted to residents of the State of Illinois.

Mr. Marshall moved that the request of Mr. Ripley be granted, which motion was lost.

The president appointed the following clerical force for the years 1901 and 1902: Miss Agnes E. DuBois, Miss Annie G. Springer and D. C. Hoyt. Thomas Donnegan was appointed janitor, E. E. McCoy to retain his position in the office subject to the order of the president.

Mr. David, from the special committee, appointed to draft memorial resolutions upon the death of Hon. John Virgin, formerly a member of this board, made the following report, which was adopted by a rising vote of the members:

WHEREAS, It has pleased Divine Providence to remove from earth the Hon John Virgin, a man prominently identified with the agricultural and live stock interests of the State and for many years a respected and honorable member of this board; therefore be it

Resolved, That this board tender to the bereaved family its sincere sympathy in the loss it has sustained, and cause to be spread upon the records a copy of this preamble and resolution, and a copy of the same be sent to his family.

E B. DAVID,
MARTIN CONRAD,
J. K. DICKIRSON,
Committee.

Mr. Tatman, from the special committee appointed to draft memorial resolutions upon the death of Hon. Chas. H. Dolton, made the following report which, on motion, was adopted by a rising vote of the board:

WHEREAS, The Hon. Chas. H. Dolton, a man who, during his long and eventful life filled many positions of honor with zeal and strict fidelity to every trust confided in him, having more than filled the time allotted to man, three score years and ten. has passed from our midst; and

WHEREAS, He was an honorable member of the State Board of Agriculture for six years; therefore be it

Resolved, That in the death of Mr. Dolton we, his associates, have lost a faithful and efficient co-worker, the nation a stalwart supporter, the community in which he lived a valuable citizen and counselor, and his family a kind and indulgent husband and father.

Resolved. That we tender our sincere sympathy and condolence to the surviving members of his family in their loss; and

Resolved, That these expressions of the State Board of Agriculture be spread upon its records and that an engrossed copy of the same be sent to his family.

C. A. TATMAN,
A. J. LOVEJOY,
A. D. BARBER,
Committee.

SHERMAN HOUSE,
CHICAGO, May, 20, 1901.

The Board of Agriculture met on call of the president, Mr Conrad in the chair.

The following members were present, Messrs. McCord, Pearce, Rossiter, Frake, Rehm. Cater, Dike, Lovejoy, David, Madden, Cunningham, Tatman, Simmons, Young, Crebs, Marshall, Chapman and Fulkerson--18.

Mr. Lovejoy from the special committee on space, submitted the following report, which was unanimously adopted:

The committee on assignment of space in the dome building met at the Sherman House, Chicago, this day. Present, Messrs. Young, Cater and Lovejoy. The matter of dividing the space was agreed to as follows: Mr. Young to have the well, or circle, inside of the posts; Mr. Cater to have the north-east and north-west corners, and space along north side of the dome connecting the two, under the gallery, and Mr. Vittum to have the balance above and below. Signed by a majority of the committee.

H. J. Cater,
A. J. Lovejoy,
Wm. A. Young.

The chair appointed the following committee on Old Soldiers' Day: Messrs. David, Dike, Fulkerson, Barber and Simmons.

On motion of Mr. Crebs, the superintendent of grounds was authorized and instructed to let the contract for painting the sheep and swine pavilion, the horse and cattle barns and warehouse, the same to be paid for out of appropriation made by the last General Assembly.

On motion of Mr. Lovejoy, the appropriation of $5,000 for the improvement of the grounds, made by the last General Assembly, was placed to the credit of the committee on grounds.

Mr. Madden, from the committee on rules, submitted a report revising the rules of the board, which report was adopted and ordered printed for use of the members.

On motion of Mr. Marshall, the board adjourned to meet subject to the call of the president.

Leland Hotel,
Springfield, Sept. 29, 1901.

The board met on call of the president.

President Conrad in the chair.

Present: Messrs. Pearce, Frake, Dike, Madden, Barber, Prather, Marshall, Fulkerson, McCord, Rossiter, Rehm, Cater, Lovejoy, David, Cunningham, Simmons, Crebs and Chapman.

Mr. Madden moved that a committee of five members be selected to draft memorial resolutions on the death of President William McKinley; which motion was adopted.

The chair appointed as such committee Messrs. Madden, Rehm, Prather, Vittum and Cunningham.

Mr. Lovejoy offered the following resolution and moved its adoption, which motion prevailed:

Resolved, That the committee on construction be and is hereby instructed to inquire into the adequacy of the present water system on the fair grounds, and report to this board during the week of the fair.

Mr. Lovejoy offered the following resolution and moved its adoption, which was done:

Resolved, That there be no more frame buildings erected on the State fair grounds (barns excepted), and in case of additional barns being built, that they be located at least one hundred feet apart.

Mr. Conrad explained to the board the difficulties in securing passes for assistants and judges for the fair of 1901, instructing members to say to such of their temporary employés who use either the Chicago & Alton, Illinois Central, or Wabash railroads, to purchase tickets to Springfield, taking a receipt therefor, and to include the amount in the voucher for pay, attaching the receipt to the voucher, the roads agreeing to rebate to the board all over one cent per mile; at the close of the fair.

Mr. Madden moved, in view of the statement made by the president, that all employés of this board, on account of the fair, be instructed by the superintendents employing them to take receipts from the railroad agents for tickets purchased to Springfield, and that the secretary and auditor be and they are hereby authorized to pay the amount of such receipts when attached to the vouchers paying such employés for their services during the fair, which motion was adopted.

Mr. Madden, from the special committee, to draft memorial resolutions on the death of President McKinley, reported the following resolutions, which were unanimously adopted by a rising vote:

The hand of the assassin has again stricken our people.

WHEREAS, The President of the United States has been assassinated by the foul and deceptive hand of anarchy; and

WHEREAS, President McKinley was universally beloved by the millions of free people of our country, whom he loved and respected; and

WHEREAS, President McKinley has, during his long and highly honorable career, proven himself to be the true friend of all the American people, especially the agricultural classes; now therefore be it

Resolved, By the State Board of Agriculture of the State of Illinois, that by the death of President McKinley this nation has lost its foremost citizen, twice elected to the highest office within the gift of an admiring people, the agricultural interests of the country have lost a true and faithful friend, one who, in all his relations to agriculture has shown a keen interest in behalf of the millions who by their industry and toil have made this land of ours the garden spot of the world.

Resolved, That this resolution be spread upon our records and a copy, properly engrossed, be sent to the Department of Agriculture of the United States.

GEORGE H. MADDEN,
J. A. CUNNINGHAM,
JACOB F. REHM,
D. W. VITTUM,
J. F. PRATHER,

Committee.

President Conrad announced the following committee to represent the board at the annual meeting of the Association of Fairs and Expositions, at Chicago, December 2 and 3: Messrs. Madden, Rehm, Prather, Barber, David, Dickirson and the secretary.

The president instructed the secretary to enter the following order of appointment of veterinarian, to-wit: Dr. Matthew Wilson, of Mendota, Ill, is hereby appointed veterinarian of the State Board of Agriculture.

DEPARTMENT OF AGRICULTURE,
SPRINGFIELD, Jan. 7, 1902.

The State Board of Agriculture met as provided by the statute.

The board was called to order by President Conrad.

The following members answered to their names on the call of the roll: Messrs. McCord, Pearce, Rossiter, Frake, Rohm, Cater, Dike, Lovejoy, Madden, Cunningham, Tatman, Vittum, Barber, Simmons, Prather, Young, Dickirson, Marshall, Chapman and President Conrad.

Messrs. David and Fulkerson were absent on account of sickness.

The minutes of the last meetings of the board were read and approved.

President Conrad called Mr. Pearce to the chair and delivered the following address.

The the Illinois State Board of Agriculture:

GENTLEMEN—If I had no other reason for addressing you on this occasion, I should feel that I had been unmindful of my duty as executive of this board did I not congratulate you individually and collectively upon the glorious success you made of our recent fair.

The fair of 1901 was a pronounced success in point of exhibit, attendance, management and receipts; and let me say to you that these conditions do not come by accident; they are brought about only by careful thought, good judgment and hard work, for which each member of this board is entitled to his full share of credit. The receipts were greater than those of any of its 49 predecessors, the amount being, in round numbers, $65,000, and the expenditures, including premiums, $49,000, thus showing a balance on the right side of the ledger of $16,000.

HISTORY.

On the 5th day of January, 1853, the organization of the old Illinois Agricultural Society was perfected, and the General Assembly of that year not only gave it a corporate existence, but appropriated $1,000 for its operation. A fair was held the following October, and, quoting the language of Prof. H. C. Turner, one of the leading spirits of the enterprise, "The exhibit was numerously attended and generally deemed highly successful and creditable to the State." Of this fair it is recorded that the total number of entries was 765, and the amount of premiums paid $944. A comparison of these figures with those of the year 1901 can not fail to be highly gratifying to all interested in the progress and success of the board during this lapse of time.

OUR JUBILEE.

After an existence of 20 years, the title of the society was changed to State Board of Agriculture, and as it has become the custom throughout the country to celebrate the 50th anniversary of public institutions which have been successfully conducted for that length of time, I hope this board will not

prove an exception to the rule, but make plans at this meeting to celebrate its golden anniversary during the week of our coming fair in proper form, whether it be in the way of extra decorations, special attractions or otherwise. To this end it would be proper to appoint a committee to formulate a program suitable for the occasion, with instructions to report its recommendations as soon as possible to the board, when responsibilities may be divided, so that each member will have some specific duty to perform in making our jubilee year the already predicted success. It is my belief that the committee will be able to arrange a program which will afford an appropriate celebration, and at the same time tend to largely increase the receipts of the fair.

OUR NEEDS.

While we are congratulating ourselves on success of the past, we must not overlook the necessities of the future. There is much work yet to be done on the grounds in the construction of additional buildings, drives and walks, and with the modern condition of our grounds and buildings I need not say that more thought on your part will develop many improvements in conducting the various and increasing departments. Let, therefore, each superintendent exert his best efforts towards better service, the reduction of expenses, and to increase the extent, or income, as the case may be, of his department. If this is properly done, I predict at this time that the fair of 1902 will stand successfully unprecedented in the history of our board.

WOMAN'S BUILDING.

The erection of a Woman's Building will be one the most important matters that will come before you at this meeting. On the night of September 20 last, the beautiful building erected in 1899, with its contents, was totally destroyed by fire. Fortunately we had insurance on the building, in the sum of $8.000, but none on its contents. Thanks to the Northern Assurance Company of London, the money was promptly paid, so that this sum, at least, is at your disposal at the present time. In the consideration of the new building I would respectfully invite the fullest thought as to its general character and purposes, which is a matter that was not as clearly defined as it should have been in the act making the original appropriation.

WATER SUPPLY.

I beg to call your special attention to the water supply on the grounds in case of fire. The pipes now in service are entirely inadequate and cannot be depended upon, even with the city fire department on the grounds to aid in extinguishing a fire. The mains are only four inches in diameter, and there are many "blind ends" which so reduce the pressure that if a fire should break out among the frame buildings it would be little short of a miracle if we did not meet with a total loss.

With the view of taking this matter up at this time, a map has been prepared at my suggestion, showing the mains as now laid as well as the proposed new system of hydrants and of circuits that are provided for. From this map it will be seen that if the new plans are carried out every building will have at least two fire plugs of two pipes each, located at convenient distances from the buildings to be protected, supplied with a thorough circuit of mains, which cannot fail to give the protection needed. I am informed that the expense of this needed improvement will not exceed $2,500, which is nothing compared with the great risk we are running under present conditions, and hence I hope that you will give this important matter the consideration it deserves at this meeting.

The thanks of the board are due our worthy member, Mr. F. C. Rossiter, for the special interest he has manifested professionally as an engineer in the improvements made on the fair grounds during the past year, and also for the complete chart of the grounds already referred to. He has done this

work in a very thorough and substantial manner, which has necessarily taken up much of his time, and yet he has made no charge beyond actual expenses while thus engaged.

COLISEUM BUILDING.

It has been suggested that a foot bridge be constructed from a point near the west door of the Exposition Building to the promenade above the seats in the Coliseum, to relieve the pressure of the main entrance of the building in case of crowds, and I hope you will give the matter due consideration, from the standpoint of convenience, as well as lessening the danger to life and limb in case of fire when the building is crowded, as is usually the case when the fair is in progress.

ORNAMENTING THE GROUNDS.

We all know that most of the trees planted several years ago were destroyed during the occupation of the grounds as a rendezvous for the mobilization of the troops of this State during the war with Spain. This spring would be a good time to replace them and to take up the work of generally beautifying the grounds in the line. Tree-planting is not expensive, and the money cannot be expended for a better purpose. However, this is simply a suggestion, but I hope the proper committee will give it due consideration.

TRANSPORTATION.

The city of Springfield is to be commended for its hospitality and entertainment of visitors during the evenings of our fair week, but I do feel like saying to these good people that while it is appreciated by our visitors, their tempers are very much ruffled mornings by being jolted all over the city on street cars before reaching our gates. The city owes it to these people who annually attend our fair and pour large sums of money into the coffers of her citizens, to remedy this evil and I am informed many of her best citizens, including Mayor Phillips, are disposed and willing to do all in their power to open up a route as direct as possible from the court house square to the grounds; and further, that the Consolidated Street Car Company stands ready to build, equip and put such a line in operation without delay. If to accomplish this it requires the opening of a street, or building of a subway, the city should not hesitate, for the reasons stated, to do its part, and to do it at once. We have but one line of steam railway at present leading to the grounds, which, with the present street car system, is totally inadequate to properly handle the crowds. Springfield is progressive, is deeply interested in our fair, and I am fully persuaded that a good, vigorous committee of this board would soon work up an interest in this matter that would be crowned with success.

POSTOFFICE.

I would further recommend the Government be asked, through its representative here, to maintain a full-fledged United States postoffice, with money order department, on the grounds during the season of our annual fairs. This would prove a great convenience to our patrons, lessen our responsibility, and at the same time give character to an important department.

CONCLUSION.

In conclusion I wish to say that in addition to his regular duties as secretary, Mr. Garrard has managed to oversee all improvements made on the grounds, and has attended to all minor details without extra cost to the board. The result of his intelligent work is patent not only to our membership, but to every visitor, whether in or out of season. The superb appear-

ance of the grounds at our annual fairs, with the small means at his command, is a monument to untiring labor, and the board can truly say, "Well done, good and faithful servant."

For the first time in our history, no meetings were necessary during the last fair for the adjustment of differences heretofore thought unavoidable in the conduct and management of the vast amount of work and business which is crowded into one busy week. I may be pardoned for doubting that any fair of such magnitude was ever held on this continent that reflects such credit as this one fact does upon your management of the various departments. I need not say that I have good reason to be proud of presiding over such an intelligent body, and words fail me in thanking you for your unvarying kindness and hearty support. I ask you to continue the same zealous service until the close of my official term; and in conclusion, let me hope that the New Year has in store for each and every one of you a full measure of prosperity and happiness.

On motion of Mr. Dickirson, the chair was requested to appoint a committee on the president's address.

Mr. Pearce, acting chairman, appointed Messrs. Dickirson, Barber and Lovejoy as such committee.

The following reports of superintendents of departments and standing committees were read and ordered placed on file for publication in the annual report of the board for 1901:

CLASS A—CATTLE.

Section I—Beef Breeds.

J. F. PRATHER, *Superintendent.*

To the Illinois State Board of Agriculture:

Gentlemen—The exhibit in this department was of a very superior character. The leading herds of the various beef breeds were present. Many imported cattle contested for our premiums, including one full herd from Canada. The Hereford cattle were only represented by one herd, but I am assured it was not on account of our management, and that we need have no fear about a good show by their breeders this year.

Mr. Thomas Clarke placed all awards, except on the Hereford cattle, and gave the best of satisfaction.

Mr. E. B. Mitchel tied the ribbons for the Herefords, showing good judgment. Many compliments have been paid the board for the ability, fairness and good judgment shown by the judges employed in the various departments. Nothing can add more to the success of our fair than the continuance of this policy.

All exhibitors and visitors were loud in their praise of our great show ring, and only wished it could have been twice as large.

The cattle trade is now far in the lead of any of our live stock industries, and I would recommend the same premiums be allowed for this year that were given in 1901.

The following table gives the number of entries, amount offered and premiums paid for the last twenty-four years:

Entries, Offerings and Awards—Fair 1901.

Lot	Breed.	Number of Entries.							Amount of premiums offered	Amount of premiums paid

Respectfully submitted,

J. F. Prather,

Superintendent Class A, Section I.

CLASS A—CATTLE.

Section II—Dairy Breeds.

JAS. A. CUNNINGHAM, *Superintendent.*

To the Illinois State Board of Agriculture:

Gentlemen —In presenting my report for Class A, Dairy Breeds of Cattle, for the year 1901, I am happy to state that for excellence and quality the show this year has never been excelled; while in numbers they fell short of the previous year, it still was a creditable showing.

The efforts of the former superintendent of this department, by his classification of stock and departments, has permitted me to enjoy the fruits of his labor. By the increase in premiums on all breeds, and the prosperous condition of the country, we can account for the good showing which our State and fine grounds entitle us to. Also, a more honorable and manly set of exhibitors never entered a dairy show ring than I had in my department this year. Then again, our judges were competent, fair-minded men, who gave universal satisfaction, I believe I would urge the members of this honorable board, that for the benefit of the exhibitor and for the better accommodation of visitors as well, the remaining middle stalls be removed, as I find they make too crowded a condition for a satisfactory exhibition of the stock.

Through the kindness of the secretary and his able assistants, you will find attached list of entries, offerings and awards in this department since 1877.

Entries, Offerings and Awards, Fair, 1901.

Lot.	Breed.	Number of Entries.							Amount of premiums offered.	Amount of premiums paid.
		3 years old or over.	2 years old or over.	2 years old and under 3.	Under 2 years old.	1 year old and under 2.	Under 1 year old.	Total.

Respectfully submitted,

J. A. Cunningham,

Superintendent Class A, Section II.

CLASS B—HORSE.

Section I—Heavy Horses.

IRA McCORD, *Superintendent.*

To the State Board of Agriculture.

Gentlemen—It is gratifying, at the end of my first year as superintendent of the draft horse department, to be able to report the increased interest in this branch of live stock, as evidenced by the large number of entries, the largest since 1896.

In the pure-bred classes both French and English horses were present in large numbers, but the Clyde-dale breeders showed only three animals, a most remarkable deficiency. The quality of the animals was excellent, and witnessed to the renewed activity in horse breeding, which was at so low an ebb for a number of years.

Your superintendent would recommend and request that the mangers in the heavy horse barns be raised, the bottoms at least 14 inches, as they are so low that the horses tear them down and they have to be repaired each year.

The following tabulated statement shows the entries and awards for 1901, as compared with those of a number of years previous:

Entries, Offerings and Awards, Fair 1901.

Lot	Breed.	Number of Entries.						Amount of premiums offered	Amount of premiums paid

Respectfully submitted,

IRA MCCORD,
Superintendent Class B, Section I.

CLASS B—HORSES.

SECTION II—LIGHT HORSES.

A. D. BARBER, *Superintendent.*

To the President and Members of the Illinois State Board of Agriculture:

GENTLEMEN.—The exhibit in my department was large in numbers, and the equal of any ever shown in quality. The owners of this stock proved themselves gentlemen—accommodating and rich in the knowledge of their business; they expressed themselves pleased with the treatment they received.

Every stall for the use of light horses was occupied, and we should provide or a larger number in coming years. I will suggest a few changes in the

premium list when we arrange one for this year. As one who has had a life time's experience, I wish to say I never saw as large a collection of people and stock, without a word of discord, or an improper act on our ground. Our president and secretary proved their ability and are entitled to the thanks of the board.

The awards and offerings for the past twenty-five years, in my department, have been kindly furnished by the secretary, and are hereto attached

Entries, Offerings and Awards, Fair 1901.

Respectfully submitted,

A. D. Barber,

Superintendent Class B, Section II.

CLASS B—HORSES.

Section III—Speed.

GEO. H. MADDEN, *Superintendent.*

To the State Board of Agriculture.

Gentlemen—The showing made by the speed department for the fair of 1901 can but be satisfactory on the whole. The work of securing entries is subject to many things that cannot be foreseen. Hence it is that the same work one year may not produce the satisfactory results of another year. When circumstances are favorable a reasonable amount of energetic effort will accomplish a great deal. When they are unfavorable the most diligent effort will not overcome all the obstacles.

The racing in 1901, was by no means commonplace, though it certainly did not reach the high plane of former years. That was due entirely to circumstances beyond human control. But the speed department retains its popularity and the fact that we have excellent accommodations for horses and horsemen, coupled with fair treatment and prompt payment of purses in full, gives us a prestige that is worth a great many dollars.

Our track when in proper condition is fast and safe and is thoroughly equipped. As long as it is kept so we will have no difficulty in pleasing horsemen.

It may be best however, in this connection, to lay before the board the fact that not a few of those who should be our regular patrons have withheld their entries for the reason that they are charged rent for stalls during the races. They urge and not without some cause, that they are taxed enough in the way of five per cent entry fee, with an additional five per cent from money winners, and that no further contributions should be exacted. They also have on their side of the argument the fact that stall rent has been abolished at all other mile tracks.

How many patrons we have lost on account of this charge, there is no way of telling without going into a vast amount of laborious research. But I am certain that we have lost something, perhaps enough to offset the income received from stall rents during fair week. The matter is laid before you for consideration and should be given a fair hearing. It may be that we are pursuing a penny-wise, pound-foolish policy. If we are we want to alter our plans.

For your guidance in considering this matter I submit the following table showing the stall rent collections by years.

*1895	$600 00	1899	$577 00
*1896	600 00	1901	524 00
1897	860 00		
1898	591 00	Total	$3,592 00

* Approximated.

Our track is not now in the condition that its merits and reputation justify. The members of the board not familiar with such matters will understand the situation when it is explained to them that in the course of time every race track, no matter how good, will wash until the soil that should maintain the grade is carried to the inside fence and much of it lost. Our track at the turn, and clear around both of them, is at this time saucer shaped, whereas it should present a perfectly even surface with the original grade maintained intact. In its present condition it is hardly suited for working trotters and pacers and is more or less dangerous to horses that are asked to show much speed over it, unless driven in what is best known as the middle of the course,

The expense necessary to again put the track in perfect condition will not be great. Our complement of teams with the proper tools can do it in three days at the most, when the weather is favorable. There should be no delay in this matter. Done now or in the immediate future, the cost will be light, postponed it will but increase. All tracks are subject to the same conditions and no matter how well constructed must be restored every so often or they become no better, no faster, no safer for horses than dirt roads that are neglected. Our track is growing in popularity among trainers, but to hold its place it must be given proper attention. We would not think of letting our barns go unpainted, nor expect one painting to last forever. Neither can we expect our track to keep itself at grade and in order simply because it was perfectly constructed in the beginning. This matter is of importance and I am sure will be given immediate attention. I do not recommend patching, but the complete overhauling that will bring the track back to grade and make it what it was when the world's race record of 2.00¼ was set over it.

Exhibit Speed Department, Illinois State Fair, 1901.

	Total	.....	.....	.....	.....	.....	$3,850	.....	.....	.....

Stall rent $524.

In relation to the above figures it may interest the members of the board to present to them a statement showing the patronage accorded the speed department for the years following 1894, during which period the present superintendent has been in charge. In this the year 1900 is omitted for the reason that the inclement weather prevented racing and practically wiped out the speed department.

In 1895 we secured 178 entries, paid $10,150 in purses, collected $6,205 in entry fees and had a net cost of $3,945 for our purses. In 1896 there were 322 entries, the largest we have ever had. Our purses amounted to $10,385, entry fees $6,495, making our purses cost us $3,890. In 1897 there were 298 entries. Purses were $9,370. Entry fees $4,760, which made the net cost of purses $4,610.

In 1898 we had 280 entries. We paid $6,710 in purses and collected $4,155 in entry fees, so that the net cost of our purses was but $2,555, the lowest in the history of the department under the present superintendent. In 1899 we had 285 entries. Our total purses, including a $2,000 special for Joe Patchen and John R. Gentry, amounted to $10,690. We collected $5,985 in entry fees, leaving the net cost of purses $4,705. The year 1900 is omitted for the reason stated above.

In 1901 the most difficult year of all to secure entries, the total was 206. Our purses amounted to $8,900, and we collected $5,330 in entry fees, leaving the net first cost $3,570.

During the six years, 1895, 1896, 1897, 1898, 1899 and 1901, we have paid horsemen $56,405, and have collected from them $32,160 in entry fees. In other words they have paid 57 1-5 per cent of our purses. They have also contributed, as heretofore shown, $3,492 in stall rent, making a grand total of $35,652.

Respectfully submitted,

(Signed) GEO. H. MADDEN,
Superintendent.

CLASS C—SHEEP.

JAMES C. CHAPMAN, *Superintendent.*

To the State Board of Agriculture:

GENTLEMEN.—I hereby submit my report as superintendent of Class C. My department, sheep, had about the usual number of exhibits and probably would have been much larger had it not been that several of the exhibitors were also showing at the Pan-American at the same time. The quality of the exhibits was good.

The following is a list of entries and premiums offered and awarded:

Entries, Offerings and Awards, Fair 1901.

Lot	Breed.	No. of Entries.				Amount of premiums offered	Amount of premiums paid

Respectfully submitted,

Jas. C. Chapman,
Superintendent Class C.

CLASS D—SWINE.

W. E. SKINNER, *Superintendent.*

To the State Board of Agriculture:

Gentlemen.—I have the honor to submit the enclosed statement of awards at the 1901 Illinois State Fair, and also list of entries in the swine department, which you placed in my charge,

The exhibit of swine was certainly very creditable to the State, and of a very high class, and I believe that everything passed off in this department entirely pleasantly to the exhibitors and to the fair management.

I should like very much to have given greater attention to my department than I was able to give, owing to excessive duties in other directions, and I now beg to assure you that I stand ready to aid the board in any manner possible, and the general interests of the State Fair.

A list of the entries, offerings and awards in each ring of this department is hereto appended, together with the figures for the preceding twenty-four years.

Entries, Offerings and Awards, Fair 1901.

Respectfully submitted,

W. E. Skinner,
Superintendent Class D.

CLASS E—POULTRY.

JAMES FRAKE, *Superintendent.*

To the Honorable State Board of Agriculture:

Gentlemen.—As superintendent of Class E, Poultry, I beg leave to submit to the board the tabulated statement of the number of entries, the offerings,

and the amounts awarded to the various varieties exhibited at the State Fair of 1901, from which tabulated statement it will be observed that the total number of entries was less by 415 than the preceding year, and that 539 less than its preceding year, making a dropping off in the two years of nearly 1,000 entries. This dropping off, in my opinion, is accounted for principally by the fact that the premiums offered by our board are but a trifle over one-half of the premiums offered in our neighboring states.

The Iowa State fair pays $2.00 for the first prize, and $1.00 for the second prize on all principal breeds on single birds, and $5.00 for first and $3 00 for second on breeding pens.

The Nebraska State fair pays $3.00 for first prize, $2.00 for second and $1.00 for third on single birds, and $6.00 for first, $3.00 for second and $2.00 for third on breeding pens.

I am of the opinion that the board ought to make the first premium $2.00 and second premium $1 00 on single birds in American, Asiatic and Mediterranean classes. Breeding pens in same classes should be, first premium, $3 00, second premium $2.00, and third premium $1.00.

I would further respectfully report that the pens for turkeys and for the large geese are only two-thirds large enough. No turkey, and especially no turkey gobbler, can stand in the coop without having his tail feathers bent or broken.

The poultry building in the near future should be made nearly double its present size. The aisles between the coops are so narrow that is almost impossible for two people to pass each other.

The interest taken in the poultry exhibit was especially good, and the building most of the time was crowded to its utmost capacity. Many of the best poultry raisers in this State did not exhibit on account of the accommodations not being large enough, and the premiums being too small.

James Frake,
Superintendent Class E.

CLASS F—MECHANIC ARTS.

JACOB F. REHM, *Superintendent.*

To the State Board of Agriculture:

Gentlemen.—Judging from the exhibit made at the recent State Fair, there is no abatement in the interest manifested by the public in the great displays made by the merchants and manufacturers of the State. Every available foot of space was taken, and every exhibitor exercised his best endeavors to excel every other exhibit in his particular line of goods. Many of the exhibits would have been a credit to any of the expositions of the larger cities, both in quality of the goods shown and in the arrangement thereof, and I dare say that no department of the fair attracted more attention than that over which I have the honor to preside, and the comment of the general public was most complimentary.

There are a number of changes that suggest themselves, with a view of relieving the congestion of the crowds that block the aisles and doorways, which will be made during the coming season.

Your superintendent is at this time corresponding with parties interested in a pure food exhibit at our next fair, with every prospect of success, and has taken the liberty of writing to the Pure Food Commissioner asking his

assistance in getting out a large exhibit The gallery of the Exposition building could be used for this purpose to very good advantage and not materially interfere with the regular annual exhibit.

There should be a band stand erected in the center of the building, constructed so as to have a first-class concession stand under it, from which the revenue for two or three years would reimburse the board for the outlay.

You will see by the attached report that the exhibits increased over the previous year, and the approval of the exhibits by the public was warmly felt and appreciated by the exhibitors.

CLASS G—FARM PRODUCTS.

D. W. VITTUM, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN—Notwithstanding the fact that the year 1901 was one of the most unfavorable years in the history of the State for the growth of farm crops, the number of exhibits in farm products was but 71 less than in 1900. The quality of the corn exhibited was exceptionally fine, demonstrating conclusively that awarding of liberal premiums and the use of the score cards are having effect in greatly improving the quality of the seed used.

The educational features of the county exhibits were in advance of previous years, more attention being given to the quality and extent of the products and their adaptability to the several counties, than to ornamentation and display.

The exhibit of vegetable and garden products was not as large as should be seen at a State fair. Permitting foreign products to enter in this class has a tendency to discourage home exhibitors.

The following tabulated and comparative statement gives the number of entries, the amount offered in premiums, and the amount paid in each class. All of which is respectfully submitted:

D. W. Vittum,

Superintendent Class G.

CLASS H—HORTICULTURE AND FLORICULTURE.

W. A. YOUNG, *Superintendent.*

To the Illinois State Board of Agriculture:

Gentlemen.—I herewith submit to you my report as superintendent of Class H, Horticulture and Floriculture, for the year 1901. The amount paid in premiums in section 1, Horticulture was $755.00, and the amount paid in section 2, Floriculture was $538.00. Total for both sections $1,293.00. Total amount offered $1,638.00. This leaves $345.00 less paid out than was offered.

The fruit growers of the State have had good crops in some sections while in other localities the crop has been almost a total failure. Insect pests and fungus diseases have been very destructive to nearly all kinds of fruit where they were not checked by spraying and cultivation.

The exhibit of fruit in 1901 was excellent in quality. The display of stone fruits and grapes has never been surpassed. The general arrangement of the fruits and flowers in the Dome building was one of the attractions of the fair and many were the pleasant words and worthy compliments passed on the exhibits by the thousands of visitors who attended the fair of 1901.

A table giving the number of entries and amount of premiums offered and awards made is herewith appended.

Entries, Offerings and Awards, Fair 1901.

CLASS I—FINE ART.

E. B. DAVID, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN—As superintendent of Class I, Fine Art, at the State fair of 1901, I would respectfully report that the exhibit was very good; in fact could hardly have been excelled and was first-class in every particular.

The art hall was full to overflowing all the time during the fair. Many very valuable and meritorious pieces of artistic labor were on exhibition.

I would suggest a few changes in the classification of 1902.

A tabulated statement of the entries, offerings and awards from 1877 to 1901 inclusive is appended, which will show the advance during those years.

Entries, Offerings and Awards, Fair 1901.

Lot	Exhibit.	Number of entries	Silver Medals.		Cash Premiums.	
			Number offered	Number awarded	Amount offered	Amount paid
143	Fine art (Open to all)	290			$350	$310

Respectfully submitted,

E. B. David,

Superintendent Class I.

CLASS K—TEXTILE FABRICS.

THOS. S. MARSHALL, *Superintendent.*

To the Illinois State Board of Agriculture.

Gentlemen—As superintendent of Class K, I desire to submit the following report;

The exhibit for the year 1901, both as to the number of articles exhibited and their quality, excelled that of recent years and compares favorably with any year in the history of the fair. We were able to make a much better display than heretofore, owing to the better accommodations afforded in the new cases.

There are some changes necessary in the premium list which will be suggested at the proper time.

The following table gives in detail the number of entries and awards for this year, as well as the total entries and awards for 24 years past.

Entries, Offerings and Awards, Fair 1901.

Lot	Exhibit.	Number of entries	Diplomas. Number offered	Diplomas. Number awarded	Cash Premiums. Amount offered	Cash Premiums. Amount paid
146	Home-made goods	164			$ 52	$ 52
147	Knitting	151			75	69
148	Crocheting	261			74	74
149	Quilts and patchwork	88			52	52
150	Domestic lace	180			81	81
151	Embroidery	699			303	303

Respectfully submitted,

THOS. S MARSHALL,

Superintendent Class K.

CLASS L—EDUCATION.

F. C. ROSSITER, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN—As superintendent of Class L, I desire to report that while the number of entries of this year were less than the previous year, it was the concensus of opinion that the class of work in the exhibit this year was superior to that of any former year, the reduction in the number of entries being from those who offered the least artistic work heretofore.

A growing interest in the exhibit seems to be manifest by the visitors at the fair each year, there being a large number in attendance in the department, many of whom make it a special study; also by inquiries from those not in attendance, why their exhibit this year received only second prize, which was superior to their exhibit of last year which received first prize. The answer was returned that owing to the advantage those in attendance

had over those not in atteandance, the first of last year had rightfully become last of this year, and the last had become first. In order to increase the space and fully utilize the frames we had, the two large cases were repaired and made double their former capacity, two new cases were constructed upon the bases of two of the old screens, and two new stands were made, having 50 movable frames each, having a combined capacity of 200 mounts. With all this increase of space for exhibits, there was no space unoccupied.

There are five more large screens with bases four feet wide by eight feet long, each holding 24 mounts, which as they now are occupy much useless space. being of the same size as the new stands which hold 100 mounts each. These bases can be utilized to advantage by tranforming them into cases, at a loss of space of only eight mounts each. Two of these bases were made into cases last year as an experiment and found to be very advantageous.

As extra space will be required next year, your superintendent would recommed that this work be done early in the season and that artisans be requested to submit bids for the work, in order to reduce the cost to a minimum. The past year's work, although ordered fairly early in the season, was postponed by the contractor until nearly the last thing, when the rush of the work of fair was at its highest stage, then presented his bill for more than double what it ought to have been. As evidence of the extra charge, the frames that would cost $14 delivered at the depot in Chicago, with possibly $2 freight added, making $16 here in Springfield, cost $35, and other things were in proportion.

Your superintendent desires to call the attention of the board to the able assistance and interest shown in the school by the Superintendent of Public Instruction, the Hon. Alfred Bayliss, and his assistants, they having entire charge of the exhibit and the arrangements of the same, from July 1st until it was delivered on the grounds a few days before the fair.

The following table gives a comparative statement of the exhibits of this department for the last 23 years:

Entries, Offerings and Awards, Fair 1901.

Lot.	Exhibit.	Number of entries	Diplomas. Number offered	Diplomas. Number awarded	Cash Premiums. Amount offered	Cash Premiums. Amount paid

Respectfully submitted,

F. C. Rossiter,

Superintendent of Class L.

CLASS M—AGRICULTURAL IMPLEMENTS.

C. F. DIKE, *Superintendent.*

To the Honorable State Board of Agriculture.

Gentlemen:—In submitting my report of matters in the machinery department permit me to say that while the number of exhibitors and articles in the department were less than in 1900, the character and arrangement of the display were equal to, if not better than in former years. Many firms which had expected to exhibit were at the last obliged to cancel their applications for space on account of rush of business, and a few did so by reason of their experience with bad weather the previous year.

While the unfinished state of the buildings caused some annoyance and inconvenience, yet all expressed themselves as pleased with the improvements.

No complaints of a serious nature came to my knowledge, and I think on the whole matters were very satisfactory.

The following is a summary of the work of this department during the 1901 fair:

Number of exhibitors in machinery hall	58
Number of exhibitors in outfield	105
Total number of exhibitors	163
Number of tickets issued to exhibitors in hall on basis of one ticket to each $12.50 paid	240
Number issued to exhibitors in outfield	310
Total	550

Number of articles exhibited	1,640
Number of square feet rented in hall	60,024
Amount received for rent of same	$3,001 20
Expense of department	238 71
Net amount above expenses	$2,762 49

Entries, Fair, 1901.

Lot.	Exhibit.	Number of Entries.
157	Engines, pumps, etc	264
158	Mills, machines, etc	106
159	Vehicles	566
160	Grain harvesters, etc	93
161	Haying machinery, etc	50
162	Planters, plows, etc	561
	Total, 1901	1,640
	Total, 1900	1,809

Respectfully submitted,

C. F. DIKE,
Superintendent Class M.

CLASS N—DAIRY, APIARY AND POULTRY STORES

H. J. CATER, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN—I take great pleasure in submitting my annual report of the condition of my department.

I also wish to acknowledge the appreciation of exhibitors, as well as superintendent and help, of the better accommodations allowed for caring for exhibits. The entrance as well as exhibits are increasing.

The dairy department was filled to limit of one space with an especially fine exhibit of butter and cheese. The ornamental designs in butter far excelled any previous exhibit.

As far as the superintendent is aware, the exhibitors were well pleased with the displaying of their goods and premiums awarded.

The culinary department was more than full and although we had additional cases, we were taxed to the utmost to find room for the exhibits, having over 2,000 articles to handle.

The competition in this department not only encourages an increase of entries but an improvement in quality. It was highly praised by the judges and considered by all, the best display we have ever had.

The entries in the apiary department were well filled and we expected a fine display in our new quarters but owing to the serious illness of one of our largest exhibitors, the place assigned to him was not occupied. Had it not been for this unavoidable misfortune, every foot of space would have been used. Those who were there were well pleased with the changes. Their display was fine and it gave them a chance to show to advantage, which they could not do to satisfaction before.

It was not generally known among those interested in bees and honey, that our facilities for displaying their goods were so much improved.

When it becomes better known, they will probably, to a much larger extent, avail themselves of the opportunities offered.

Entries, Offerings and Awards, Fair, 1901.

Respectfully submitted,

H. J. Cater,

Superintendent Class N.

MARSHAL OF THE RING.

C. M. SIMMONS, *Marshal.*

To the President and Members of the State Board of Agriculture.

GENTLEMEN:—I herewith submit to you my annual report as marshal of the ring for the year 1901.

The weather all week was as fine as the most enthusiastic fair manager or visitor could ask for. The exhibits were large and fine in all departments. The attendance was large the entire week, and everybody was in a good humor and seemed to realize that they were attending the largest, finest and best fair in the world.

As the music and police are under my charge, I think something should be said in their favor. There was the Goodman Band of Decatur, the Watch Factory Band of Springfield, the Spencer Band of Peoria, the Juvenile Band of Jacksonville, and the Lincoln Band. They were all up-to-date bands, and their selections were of the very highest order. The Midnight Jubilee Singers of St. Louis, as usual, attracted great crowds.

Lieutenant Bacchus and his men from Chicago, performed their duties with honor to themselves and the State Board. There can not be too much said in praise of the citizens' police that were appointed by the different members of the State Board of Agriculture.

The committee on grounds filled a greatly needed want when they built so much concrete walk and widened the streets running east and west.

You can sum up the whole thing in a nutshell—the Coliseum building furnished the greatest attraction of anything on the fair grounds. See the thousands of people going there to see the fine show of horses and cattle! Everybody speaks of it in the highest terms, and with one accord they all say it is not half large enough. There were thousands of people every day who could not get in. To obviate this I would recommend the building of two wide stairways, one starting from the concrete walk on the north side of the building, at the east end extending to the upper floor of the seats; the other one on the south side of the building. This would prevent some of the congestion in the walk way or aisle. The band stand in the same building must be enlarged before another fair. It should be fully as large again as it is at present.

Yours respectfully,

C. M. SIMMONS,
Marshal of the Ring.

AUDITOR

E. B. DAVID, *Auditor.*

To the Illinois State Board of Agriculture.

GENTLEMEN:—I would report that I have examined and audited vouchers from No. 1 to No. 859, and have also countersigned warrants on the treasurer same as above numbers, amounting to the sum of $134,430.43.

This amount covers the current expenses as well as the construction account of repairs of buildings; also for new buildings, etc., except for premiums.

I have compared my accounts with those of the secretary and find all accounts to be correct.

Respectfully submitted,

E. B. DAVID,
Auditor.

GENERAL SUPERINTENDENT OF GROUNDS AND BUILDINGS.

A. J. LOVEJOY, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN:—Your superintendent of grounds begs leave to submit the following report of the fair of 1901:

The general public was, without exception, full of praise of the fair and its unprecedented success from every point of view. The weather was ideal for holding an outdoor exhibition, and the attendance equalled, if it did not exceed that of any previous fair held by the Board of Agriculture of Illinois.

There should be a clause inserted in the next appropriation bill on account of the fair grounds, providing at least $3,500 per annum for the maintenance of the buildings and grounds. It is too much to expect this item to be paid out of the surplus arising from the receipts of the fair, which many years fail to meet legitimate demands made upon them.

The very unsightly ditch or ravine running under the street railway depot to the culvert, should be improved by building a sewer through the same and covering it over with soil and seeding it to blue grass. This ravine is an eyesore in its present condition and mars the landscape, leaving an unfavorable impression on the visiting public.

The damage done by mischievous boys and young men on the grounds during day time is very great and adds largely to the expense of keeping up the grounds. I would recommend that a day watchman or policeman be employed, at an expense not to exceed $50 dollars per month, to patrol the grounds between the hours of 8:00 a. m. and 7:00 p. m., commencing April 1 and continuing until November 1 of each year. The custodian has all he can attend to in looking after the force of laborers employed in improving and keeping up the grounds, and should not be expected to do police duty.

The railroad platforms are out of repair and will have to be renewed soon, to guard against injury to persons using them. I would recommend that in the future all passenger platforms be built of concrete, instead of lumber, after the style of the Alton platform in the city of Springfield. This method of construction is of course more expensive at the start, but it is there to stay when once put down.

Your superintendent submits herewith a list of the personal property of the board on the fair grounds, as required by the rules of the board, which list is made a part of this report and filed in the Secretary's office. In connection therewith I desire to say that there is no insurance on any of the personal property of the board now on the fair ground.

Respectfully submitted,

A. J LOVEJOY.
General Superintendent.

PERMITS AND PRIVILEGES.

JAMES K. DICKIRSON, *Superintendent.*

To the Hon Martin Conrad, President, and Members of the State Board of Agriculture.

GENTLEMEN:—I have the honor to report to your honorable board my sales and collections as superintendent of permits and privileges during the year 1901, in connection with the Illinois State Fair from September 30 to October 5, inclusive.

I contracted concessions, exclusive of a concession to a show which was to pay 30 per cent of gross receipts, and a miniature railroad, which was to pay 25 per cent of gross receipts, to the aggregate amount of $7,882 50, of which sum there remains $255.25 which for various reasons could not be collected, leaving amount collected of the concessions contracted, $7,627.25. I collected from the animal show, on contract of 30 per cent gross receipts, the sum of

$376.30, and on the miniature railroad, on contract of 25 per cent, gross receipts, the sum of $48.71, and received from sale of tickets sold to concessionaires the sum of $68.00, aggregating a total received by me as superintendent of permits and privileges of $8,120.26.

I beg leave to present to your honorable body the following recapitulation, as my report as your superintendent of permits and privileges, of cash received and paid into your treasury, and ask credit for the same:

RECAPITULATED REPORT.

To amount received from concessions, exclusive of a per cent	$7,627 25	
To amount received from animal show, on a per cent	376 30	
To amount received from miniature railroad, on a per cent	47 71	
To amount received from gate tickets sold to concessionaires	68 00	
	$8,120 26	
By aggregate amount paid to treasurer on above account		$8,120 26

Respectfully submitted,

J. K. DICKIRSON,

Superintendent Permits and Privileges.

GATES.

C. A. TATMAN, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN:—I have the pleasure to report concerning the management of the gates during the fair of 1901.

The work was new to the management, and to nearly all the help. First of all not a man was employed who was a citizen of Springfield, nor who had acquaintance with many Springfield people. Second, no one was assigned a regular gate. The men were changed each day, and often in the middle of the day, at the pleasure of the superintendent or his chief. A man did not know until the assignments were posted where he would work the following day.

The men were required to register out and register in, themselves recording the hour and minute thereof, in a register provided for that purpose.

The men were asked to assemble at the office each evening after supper to receive instructions pertaining to the duties of their stations, and to relate their experiences for the benefit of others. They were very willing to come to these consultations at all times, and in fact to do any and everything in their power to make the work highly successful. The rules were few and simple. The instructions on the tickets were sufficient, and the men were given no discretion. An inspector was on duty at the main gates from 6:00 a. m. to 6:00 p. m., and to him all irregular matters must be referred. The men did not know even the officers of the association, and in several instances halted the highest officials until properly identified.

The objections by many Springfield people because they were refused admission without regular credentials was a matter of no little trouble. Huckster wagons, drays, hacks, carriages, constables, justices of the peace, street car men and those wearing almost any kind of a badge, etc., all clamored for admission as a right, established by precedent. In one instance a constable who was refused admission without a ticket or pass, arrested an inspector charging that he was resisting an officer.

The irregularity of the attendance, and the points to which the crowds came for admission, required the greatest care and watchfulness. Men must be instantly moved from gates not much used to others where the crowds throng. Busy gates must be closed at no time, and relief must be at hand in emergencies.

The establishment of headquarters in the dome building, where the chief should be almost constantly on hand to direct and control, is quite essential. This office is also the headquarters of gatemen not on duty, whose presence is very desirable in case extra men are called for at some unexpected moment, and it is recommended that a large room be provided.

The necessity for communication between the office and the southeast, southwest and main entrances is so urgent that I recommend the rental of a telephone line for the few days of the fair.

The pressure at the railroad gates for exit from 4:00 to 6:00 p. m. is so very great that relief should be given. The crowds can be received, but the jam when they leave should be relieved by demanding more trains and longer ones It is not safe to allow more to pass out to the platforms to each train than the train can take. Members of the board cannot understand the situation there unless they have been on hand at the leaving hours. The rush this year was greater than ever before, because the attendance was larger.

The sleeping accommodations at the custodian's residence are not sufficient. Some of the men could not be accommodated.

The lights at the main gate are very poor. An arc lamp should be placed where its rays will fall strongly on the gateman on duty all night so he can see to read the tickets presented and better guard the entrance.

It is desirable that the signature of one officer only appear on all passes and special tickets, orders, etc., as the gatemen do not know the officers nor their signatures. The gatemen had orders this year to honor all credentials to which the name of superintendent of tickets was appended, and refer all others to the inspector or superintendent.

The clearing of the grounds in the morning is a very arduous task. This duty should devolve upon the police department, assisted by a detail of gatemen and not as now, with the gatemen in the lead and the police simply as attendants. A definite detail of Chicago police should do the same round each morning. It was the police department's duty to rout out sleepy exhibitors and privilege men, and not the gatemen's. The former can withstand the abuse better than the latter. The examination of the ticket boxes each night is a heavy task, but this duty, like all others assigned our men, was cheerfully done. The intense interest with which all watched, as their respective boxes were examined, was worth all the trouble. Every wrong ticket was noted and carefully saved as an object lesson for the next day's profit.

A more willing, obedient, painstaking and honest set of men were never assembled than the thirty-five men in charge of the gates this year. I can not speak too highly of them. I verily believe they made hundreds of dollars for the association by their unusual care in admitting none who had no right to admission. Should the attendance be as large next year, the force should be increased. The best men of the force were often compelled to do double duty.

The courtesy of all the members and officers of the board, by which every attempt to enforce stringent rules was greatly encouraged and assisted, is highly appreciated by your superintendent and all his assistants. This courtesy and hearty co-operation was the cause of frequent remark among all the gate force. I desire to extend my sincere thanks for this very important aid in the fulfillment of the duties of one of the most important departments of the State Fair. It matters not how well everything in all other departments is planned and executed, nor how large an attendence of visitors there may be, if the gates are carelessly kept the fair may well be made a failure.

Again thanking you, gentlemen, I remain your obedient servant,

C. A. TATMAN,
Superintendent of Gates.

TICKETS.

J. M. CREBS, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN:—Herewith find a statement of my account as superintendent of tickets at the recent State Fair:

COLISEUM.

To the Illinois State Board of Agriculture.

GENTLEMEN—Our president saw fit to honor me with the position of superintendent of our new coliseum, and I wish to say that by the united efforts and experienced judgment of my associate superintendents in the live stock department, I found it a pleasant task, and in this connection I wish to suggest a few things which the other superintendents approve.

The building of the coliseum has been a great success, in that it permits the patrons as well as the exhibitors to get the full benefit of the exhibition. The general expression is: "This is the finest show ring that I ever saw." But my observation leads me to the following recommendations.

First—The most desirable position in the amphitheatre is next the guard rail, and the first comers hold this place and prevent the filling of the upper seats. This can be avoided, if, under the direction of the architect, entrances be so arranged that the seats fill from the top down, and not from the bottom up.

Second—At the stock entrance the guard gates should be at the outer opening and a guide board—"Stock entrance"—posted, thereby avoiding the danger of getting people and animals in a pocket. The granitoid entrance should be roughened or covered with some different material, to avoid accident to the stock, and if the exit could be made on the east side it would be much better, and a great guard against accident.

The superintendent of the Coliseum should be chairman, and the superintendents of light horses, heavy horses, dairy cattle and beef cattle members of an executive committee who should have full control of this building, and should have authority to change the hour or the day of any exhibit, and issue a bulletin each morning giving the hour and minute of each exhibit for that day.

Each premium winner should be required to appear in a grand premium parade on the last day of the fair, and notice of this should be printed on all entry blanks for live stock, and at the head of each of these departments in the published premium list.

I think from the general expression of not only our visitors, but of the State officers, that the Coliseum should be extended at least 100 feet, thereby making sufficient room for the ever increasing numbers on this, the greatest exhibition ground in the world. This can be done at small cost, and I think the next General Assembly will gladly provide the means.

Respectfully submitted,

A. D. BARBER,
Superintendent of the Coliseum.

Reports were made by chairmen of standing committees as follows:

PRINTING.

To the State Board of Agriculture.

GENTLEMEN:—During the year 1901 the sum of $4,759.11 was expended for printing and stationery, posters, lithographs, etc., as follows:

The premium lists of the fair, as well as the official catalogue of the fair were printed without cost to the board.

Sixteen, three and one sheet posters advertising the fair were printed and widely distributed over the State, and the newspapers published much valuable information in regard to that exhibition.

The four annual crop reports were promptly issued, as well as the live stock and fertilizer reports.

The expenses incident to the work were distributed as follows:

	Printing and stationery.	Advertising	Total.
Department	$ 924 95	.....	$ 924 95
State Fair	1,727 20	$1,841 91	3,569 11
Live Stock	85 05	.....	85 05
Total	$2,737 20	$1,841 91	$4,579 11

Respectfully submitted,

J. K. DICKIRSON,
Chairman Printing Committee.

CROP REPORTS.

To the Illinois State Board of Agriculture:

GENTLEMEN—The work of the department of agriculture along this line presents few changes from year to year. Our regular crop reports, four in number, were issued at the specified times, with one or two special bulletins, called out by the "scare reports" in regard to the damage done to the corn by the drought and heat.

Our inability to obtain from the assessors figures as to the area and yield of crops, etc., on which to base our reports, handicaps us in making up our figures, and renders them of less value than they should be.

The 1900 census report goes into farm statistics much more fully than any national census heretofore, and it is suggested that those figures be used as a basis for computations for the next year, instead of relying on assessors' returns, as in the past.

Respectfully submitted,

C. F. DIKE,
J. F. PRATHER,
J. C. CHAPMAN,
W. A. YOUNG,

Committee on Crop Reports.

FINANCE.

To the Illinois State Board of Agriculture:

GENTLEMEN—Your committee on finance met in the offices of the board on the 6th day of January, 1902, all being present except Mr. Crebs. The president being present, appointed Mr. Rehm to take his place *pro tempore*

We respectfully beg to report that we have checked over all sources of receipt and causes of disbursements, with the books of the board, resulting as follows:

RECEIPTS.		
Rent—barns and Coliseum	$ 557 80	
Insurance—Dome Building	177 10	
Insurance—Woman's Building	8,000 00	
Live stock certificates	250 00	
Fertilizer licenses	1,200 00	
Suspension—speed department	212 60	
Class A, Sec. I—stall rents	520 00	
Class A, Sec. II—stall rents	331 00	
Class B, Sec. I—stall rents	362 00	
Class B, Sec. II—stall rents	746 00	
Class B, Sec. III—stall rents	524 00

		$177,369 78
Balance on hand Jan. 1, 1902		23,828 87
Total		$201,198 65

We are gratified to report that we found the books in excellent condition, showing great care and accuracy, and as seen by the foregoing, they are in perfect balance.

Respectfully submitted,

GEO. H. MADDEN,
A. J. LOVEJOY,
JACOB F. REHM,

Springfield, Jan. 7, 1902. *Finance Committee.*

LIBRARY.

To the Illinois State Board of Agriculture.

GENTLEMEN—An unusually small number of herd and stud books was added to the library last year, though it is intended to keep this part of the library as nearly up to date as possible.

In addition to these are a large number of exchanges from other states and from Washington, while our large list of periodicals devoted to agricultural subjects is replenished weekly with the current numbers.

Your committee on library having visited the storeroom of the board in the basement, recommends that the surplus volumes of the reports of the board therein stored in excess of 500 volumes of each year, be removed without expense to the board, in order to make room for the 1901 report now being printed. Your committee does not feel that there is any necessity for keeping the great bulk of old volumes, which have accumulated, and respectfully recommends that the same be disposed of without delay.

A list of books and periodicals received during 1901 is herewith appended, and made a part of this report.

BOOKS RECEIVED, 1901.

HERD AND STUD BOOKS.

American Aberdeen-Angus Herd Book, Vol. 11.

CONSTRUCTION.

To the Members of the State Board of Agriculture.

GENTLEMEN:—Your committee on construction begs leave to submit the following report of the work of said committee for the year 1901:

On July 5 sealed proposals were received for the construction of the Coliseum and the extension to Machinery Hall. The contract for the work on the Coliseum was let to J. W. Evans' Sons Co., of Bloomington, Ill., for the sum of $36,915, the building to be 175x225 feet.

The building was practically completed by the time of holding the fair, and it was used for the exhibition of cattle and horses to halter, affording great satisfaction to the management, exhibitors, and the general public. It is with pleasure your committee recalls the many complimentary expressions of approval from all sources, of this beautiful and useful building. The great crowds filling it to its utmost capacity during exhibition hours attest its popularity with the fair visitor, at the same time demonstrating that it would have been none too large had it been constructed, as it was originally intended, 200x300 feet.

The extensions to Machinery Hall were let to W. M. Allen, Peoria, Ill., for $19,819.39.

The work on this contract was very unsatisfactory indeed to the board, and the building was in great disorder and confusion at the time of the fair. Temporary roofing had to be provided to cover the great agricultural implement and vehicle exhibit, which had alone contracted for the entire floor space of the building, and was hourly arriving from every point of the compass, and visitors were unable to get into the building, owing to the delay on the work. The extensions were not completed until since Christmas, fully 90 days late under the contract. Your committee took the precaution to have a penalty clause put into the contract with Mr. Allen for $50 per day for each day late with the completion of the work, and has not had the time to take up the matter of a settlement since the notification of its completion.

The following statement will show the transactions of the committee up to the first of this year:

Contract for extension to Machinery Hall		$19,819 39
Paid on estimates		16,390 00
Balance due contractor		$3,429 39
Contract for Coliseum	$36,915 00	
Extras allowed	1,019 71	
		$37,934 71
Amounts paid on estimates	$35,870 00	
For deductions and omissions	80 00	
Balance due contractor	$1,984 71	
		$37,934 71

Your committee is gratified to report to the board that a complete and full settlement has been made with the contractor for the Coliseum, and the balance above named has this day been ordered vouchered.

Respectfully submitted,

GEO. H. MADDEN,
A. D. BARBER,
A. J. LOVEJOY,
J. IRVING PEARCE,
J. F. PRATHER,
Committee on Construction.

GROUNDS.

To the Illinois State Board of Agriculture:

GENTLEMEN—Your committee on grounds begs leave to make the following report of improvements made upon the fair grounds the past year of 1901:

The committee met upon the fair grounds in June to consider what improvements were necessary to be made. After a careful examination of the entire grounds it was decided that the walks and drives required our first attention. The drive leading from the cattle department east to the dining halls was ordered widened from 33 feet to 62 feet, and curbed on both sides with stone, and the drive to the east from the dining halls to the east gate was ordered curbed with stones on both sides without widening.

The next drive under consideration was a new one of a rustic nature, extending from the drive north of the art gallery where a depression or small ravine crosses it, thence following the ravine in a westerly direction for a distance of about 300 feet to a point south of the Coliseum where the ravine, becoming very marked, continually growing deeper and deeper, winds to the south passing under the iron viaduct, continuing in a southerly direction, crossing the road dubbed "Happy Hollow drive," and connects with the large ravine in the south part of the grounds. Our examination of this ravine revealed to us that nature had nearly provided a driveway along its eastern and southern bank, which could be put in good order at light expense by our own teams and men regularly employed upon the grounds, but its further consideration was postponed to a future meeting.

At a future meeting a majority of the committee being present, this matter was again taken up, and upon a further examination of the ground, a suggestion led us to discover that by building the drive along the bottom of the ravine the expense would be light and it would remove from sight a somewhat ugly looking ditch which was little more than a catch basin for blowing papers, weeds and other debris, only to be cleaned and purified by a sharp rain, which was the only time the ditch was ever known to contain water. The committee approved of the plan and ordered the drive made, thereby adding another new and rustic feature to the Illinois State Fair grounds.

In consideration of walks, three kinds were suggested—cinders, cement and brick. The only recommendation we could find in cinder walks was its cheapness, the only cost of which, after the bed had been prepared, was the cost of hauling. Although this cost was trifling in comparison with other walks, it was considered a cheap affair after it was put in place, being but one step in advance of no walks at all. But when shown that the bed for the cinder walk was the same as the bed for the cement walk, that cinder walk was simply a foundation without further expense for a future cement walk, that the preparation for the bed and hauling and placing of the cinders could all be done by our own teams and men without expert help, it was not only considered a wise step, but a cheap walk in the right sense, and the right thing to do in places where a cement walk was not necessary for immediate use. Therefore a cinder walk was ordered along the south side of the drive leading east from the dining halls to the drive west of the east gate.

A cinder drive 16 feet wide was ordered put in place, extending to the east from the north door on the east side of the Dome Building to the drive west of Machinery Hall, parallel with and 100 feet north of the west extension of said hall, which was constructed by our own men and teams.

For permanent walks the committee considered brick and cement; the majority seemed to favor brick on account of the difference in cost, the brick being about one-third that of cement, but upon examining the brick walks already in place on the ground, being south of the grand stand and at both ends of the iron viaduct, it was discovered that the interstices between the bricks were well filled with vegetation, grass and weeds, the destruction of which became a serious question, there being insufficient travel upon the walks to prevent this growth. For this reason brick walks were discarded from the grounds except under cover.

Under the canopy around the south end of Machinery Hall the committee ordered a brick floor laid, with two short walks connecting with the two gates at the railroad platform, all of which is under cover except the two short walks.

In the discussion of where cement walks were necessary, it was plainly evident that the equinoctial storms during the previous fair had not been forgotten, for suggestions were made, you might say, to build walks all over the grounds. The most prominent of these were as follows: A walk to the east from the main entrance to the west end of the street car platform; a walk to the east and north from the east end of the platform to the south door of the Dome Building; a walk from the north door of the Dome Building to the walk on the north side of the drive in front of the Woman's Building; a walk along the south side of this drive leading from this walk last described, westerly along in front of the dining halls to the cattle barns, passing in front of the new Coliseum Building; a walk from the east door, thence around the northern side of the Coliseum Building to the west door thereof; a walk along the east side of the drive, from the northwest corner of the Dome Building block (east of the dining halls), thence south to the walk from the Dome Building to the Exposition Building; a walk from the north door on the west side of the Dome Building to the walk on the east side of the drive east of the Exposition Building; and a walk from the west end of the iron viaduct to the Poultry Building.

Plans and specifications were drawn for about one-third of these walks, and bids advertised for.

At a second meeting of the committee, upon opening the bids (a goodly number of which had been handed in), the price was found to range from 10½ cents to 17 cents per square foot. As Mr. Taintor of Springfield had offered the lowest bid, the contract was awarded to him at 10½ cents per square foot for those walks mentioned in the plans. Under a continuation of this contract with Mr. Taintor all the walks hereinbefore mentioned have been completed.

In laying the cement walks around the Coliseum, only two down-spouts were provided with drain pipe under the walk, owing to the unfinished condition of the roof; the two down-spouts at the north door being the only two that had made their appearance in the roof at that time. The balance of the down-spouts, eight in number, now waste the water over the top of the walk. About the middle of December F. C. Rossiter visited the grounds and found a small snow drift in front of several of these down-spouts, forming a dam for the dripping water, of such a height that the water was flowing back into the building in several places. At each of these down-spouts the walk should be taken up and pipes laid to carry the water under the walk before the next fair, for water running across the walk in a rain at fair time would make it very disagreeable for any one to pass.

Two store rooms had been built under the seats of the south side of the coliseum building with two doors to receive goods opening out to the south. The sill of east door was from ten to 14 feet above the natural surface of the ground, and the sill of the west door was from eight to ten feet above the natural surface. In order to utilize these rooms a great amount of filling was required, and a permanent road built of such a height that the top of a wagon box would be level with each door sill. Should this work be done by filling alone, the height was so great that if the proper slope were given to secure good vegetation and protect the road, the foot of the filling would reach into if not across the road in the ravine to the south; therefore the committee decided to build a stone wall 19 feet from the building, of sufficient height and length to hold the filling upon which the road would be built.

We also found the grounds east of the coliseum, owing to the filling required at the building, would be left in very bad shape unless the entire tract was filled. As this could all be accomplished by our own teams and men, the work was ordered to be done. As this work has been done since the fair, the board will now find a beautiful plateau, although void of vegetation, gradually sloping to the east from the coliseum to the art galery drive, and sloping to the south from the main drive, the south side of which is protected by three terraces from two to four feet in height and from four to 12 feet in width, the foot of the south terrace reaching to the drive in the ravine.

The following final estimates have been issued for work at the fair grounds:

2,192½ lineal feet of curbstone (4 ft.x22 ft.) at 25c per foot (paid bill)..	$ 534 81	
285⅕ sq. yds. brick floor at 50c per yd.....	142 95	
37,941⅗ sq. ft. cement walk at 10½c per ft	3,983 83	
		$4.661 59
10.79 cords riprap stone at $10.30 per cord.....	$111 14	
37.47 cords with rubble stone at $11.80 per cord	442 14	
To building wall (furnishing sand and cement) at $18	868 68	
Total stone work	.....	1,421 98
Grand total	.....	$6,083 55

MISCELLANEOUS AWARDS.

To the Illinois State Board of Agriculture:

GENTLEMEN—A number of entries which could not be listed under our classificati›n were made at the State Fair of 1901, and received due attention from the judges.

A list of such as were deemed worthy of commendation is hereto appended and made a part of this report:

LIST OF MISCELLANEOUS AWARDS.

Illinois State Fair, 1901.

CLASS F.—MECHANIC ARTS.

JACOB F. REHM, *Superintendent.*

Lot 106—Stoves, Metal Work, Etc.

Normal Novelty Works, Normal, Ill.:
Crigler's automatic sash locks ..... Commendation

Fay Sole Heat Retainer, Joliet, Ill.:
Covering for steam, hot water, hot air and cold water pipes ..... Commendation

Lot 107—Furniture, Desks, Etc.

Union Decorating Co., Streator, Ill. ..... Commendation

Lot 112—Recent Useful Inventions and Designs.

J. S. Funk, Barry, Ill.:
Ornamental box ..... Commendation

TRANSPORTATION.

J. IRVING PEARCE, *Superintendent.*

To the Illinois State Board of Agriculture.

Gentlemen:—All railroads in Illinois that I have made application to for transportation on account of the Illinois State Board of Agriculture have willingly granted every request that I have made for transportation of members of our board, for the assistants and judges who acted in that capacity at the State Fair, except three roads which were not willing to do as they had done heretofore, and the very ones who have perhaps interested themselves as much in the fairs previous to this as any in the State declined to do all that was requested, though nothing more was asked of them than of other roads in the State, and the dilatory manner in which the requests were treated put much more labor upon the superintendent of this department than ever heretofore. Their final action being given only a few days before the opening of the fair made it necessary to telegraph and write to all parties that had been selected as judges and assistants, as well as the members of the board, causing an additional expense and labor to this department.

These roads, as well as all others, admit that they received greater benefits from the fair—that is, carried greater numbers of people to and from the fair—than in any previous year.

One road, whose lines run very limitedly in our State, declined to do anything for us, because they were not doing it in their own State.

Our board expended large sums for advertising, did everything it could do, and would have done a great deal more if the roads had provided earlier means of distributing such information as was necessary to bring to the county fairs the advertising matter that would secure their co-operation and the attendance of their visitors and exhibitors to the State Fair.

On the whole the fair was a success in point of exhibits and attendance, and it has been demonstrated that attendance can be greatly increased by offering inducements to people outside of Springfield and its immediate neighborhood. I believe that it is as much, if not more, in the interest of the roads, as it is to the interest of the fair itself, that the roads should act liber-

ally with the fair association. I desire to thank them for all that they have done for us, and hope not one of them this year will hesitate to do all we request of them. Of course we expect to be reasonable in our requests. I feel that I can assure the roads that no one who accepts a favor from them does it for any personal gain, all the labor of the members of the board being gratuitous and for the cause.

I believe all the members of the board will agree with me in the views I have expressed in this report.

Respectfully submitted,

J. IRVING PEARCE,

Superintendent of Transportation.

SECRETARY'S REPORT.

To the Illinois State Board of Agriculture:

GENTLEMEN—In compliance with the statute the following report is made:

OFFICE WORK.

The usual amount of office work has been done during the past year in a very satisfactory manner. The four crop reports have been issued with promptness, and the bulletins on the principal growing crops were made up and issued to the newspapers on request of the managers.

The law for gathering statistics by the assessors is practically a dead letter, and the department is forced to rely upon the intelligence and patriotism of the crop correspondents throughout the State for the data from which to make up the reports as they are required. In many counties the assessors refuse to take the statistics, and in others the farmers refuse to give them in. The great trouble is that there is no penalty attached to a failure to make proper returns of agricultural statistics. If the law could be amended, fixing a good round penalty for failure on the part of either the assessor or producer, we would have no trouble. Many people certainly do not understand the necessity of this work, or they would not object to furnishing the data for doing it. This compilation of averages, per centums and comparisons furnishes the only basis from which the production of a given crop in the State of Illinois can be approximately arrived at, having no bearing whatever on the assessment.

INSURANCE.

There is at this time insurance on every building on the fair grounds, as will be more specifically shown by the table hereto attached, which gives the name of the company, building insured, amount of insurance carried on each, and the time of expiration of the same.

You will note there has been no additional insurance placed on the Machinery Hall or its extensions. Twenty-five thousand dollars was placed on the Coliseum the week before the fair. The loss on the Woman's Building, $8,000, and also a small lightning loss on the Dome, $177.10, have been paid during the last fall. The wisdom of the board in carrying insurance on the property on the grounds cannot be questioned, since there has been paid during 1901, on account of losses by fire, a sum equal to the premiums for ten years on the amount now carried. The companies are the best in the country, all authorized by our laws to do business in this State.

The routine work of the office never run more smoothly and satisfactorily than it has during the past year. Your secretary has, by force of circumstances incidental to the construction of the large buildings on the grounds, been kept busy in securing the prompt delivery of the materials for the same.

The advertising matter issued on account of the State fair was largely in excess of that of any previous year, and that the board may have more definite ideas as to the magnitude of this work, your secretary invites an inspection of the following table:

School children's tickets distributed	75,000	Posters, 28x42	25,000
Lithographed colored fancy panels	9,000	Sixteen sheet stands	500
Clippings	12,000	Tackers	5,000
"Red Letters," street cars, etc	1,000	Eight-sheet dodgers on all railroads	80,000

Also an endless number of newspaper notices. The thanks of the board are due to the newspapers of the State for their liberal treatment of the fair.

The above named matter was distributed throughout the State by mail, express and by one of the most reliable advertising agents of the State.

During the last session of the General Assembly there was a bill introduced by Hon. Thomas Rinaker which became a law. Your secretary quotes the same in full, that you may be fully advised as to its provisions, and suggests that some action should be taken at this meeting authorizing the committee on rules to act for this board in all matter pertaining to such removal.

A bill for an act making an appropriation for building a State arsenal, armory and museum in the city of Springfield, Ill., and providing for the control thereof.

WHEREAS, The old State arsenal, located at the city of Springfield, and built in the year 1855, is entirely inadequate for present military purpose; and

WHEREAS, Large sums are annually being paid out of the State treasury for armory rent, light and fuel for the military organizations located at the city of Springfield, which might be saved by the construction of a suitable armory; and

WHEREAS, The demand for more room in the State House may be easily and economically met by removing from it to a suitable building the Agricultural and Natural History Museum; and

WHEREAS, Divers citizens of the city of Springfield have offered to donate to the State of Illinois, block eighteen (18) of the old town plat of the city of Springfield, State of Illinois, excepting so much thereof as is already owned by the State of Illinois, to be used by it in part as a site for an arsenal, armory and museum building; therefore

SECTION 1. *Be it enacted by the People of the State of Illinois represented in the General Assembly:* That a Board of Commissioners, to consist of the Governor, Secretary of State and Auditor of Public Accounts, is hereby constituted for the purpose of planning, constructing and controlling a State arsenal, armory and museum on said block eighteen (18) of the old town plat of the city of Springfield, State of Illinois, for the use of the Illinois National Guard.

§ 2. Said Board of Commissioners shall exercise the general management, control and supervision of all matters pertaining to acquiring the said site and the erection of said arsenal, armory and museum, and shall make and authorize to be made the necessary contracts for the building, fittings, labor and material required to accomplish the purposes of this act, and shall pay the costs and expenses of the same, from the funds hereinafter appropriated for that purpose.

The said board shall also, upon the completion of said building, make to the next General Assembly of this State a full and detailed report of the transactions and expenditures of said board in discharge of the duties imposed upon said board by this act.

§ 3. The sum of one hundred and fifty thousand (150,000) dollars is hereby appropriated, or so much thereof as may be necessary, to defray the cost and

expenses of the work contemplated by this act, to be paid by the State Treasurer from funds not otherwise appropriated, upon warrants drawn by the Auditor of Public Accounts, which warrants shall be drawn only upon vouchers accompanied by itemized bills signed by the president of said Board of Commissioners, countersigned by the secretary thereof, and approved by the Governor: *Provided, however*, That no part of said appropriation shall be available and no money shall be drawn from the State Treasury, and no expenses shall be incurred in persuance of this act, until the State of Illinois shall become vested with the fee simple title to said block eighteen (18) of the old town plat of the city of Springfield, State of Illinois, (excepting so much thereof as is already owned by the State of Illinois), and until possession thereof shall be given to the State of Illinois, without any cost or expense to the State either for procuring said title of possession: *Provided*, That such building shall be completed and furnished within the appropriation aforesaid, and that the plans and construction of the same shall be open to all architects and contractors.

§ 4. The said Board of Commissioners are hereby vested with power and authority to sell and convey to the highest bidder, at public sale, the old arsenal now located on North Fifth street, in the city of Springfield, State of Illinois, and the funds received therefrom shall be paid into the State Treasury and shall be credited to the general revenue fund of the State.

§ 5. After the completion of said arsenal, armory and museum, the same shall remain permanently under the control of said board as so constituted.

§ 6. In case of a failure of the State of Illinois to erect said arsenal, armory and museum, as hereinafter provided for, the real estate shall revert back to the original donors thereof.

The receipts of the Secretary's office from all sources are as follows:

State Fair—		
Exhibiter's tickets	$1,776 00	
Other tickets	198 00

Springfield, Jan. 6, 1902.

E. A. HALL,
Treasurer.

On motion of Mr. Lovejoy the board took a recess until 2:00 o'clock p. m.

JANUARY 7, 1902, 2:00 O'CLOCK P. M.

The secretary stated to the board that he had drawn a warrant for three hundred fifty dollars ($350) in favor of the Springfield Consolidated Street Railway Co., to pay one-half the expense of erecting the passenger depot, as per agreement with said company. Colonel Minary, general manager of the company, declined to accept the warrant, requesting that the same be returned to the board of agriculture with the compliments of the company.

Whereupon Mr. Lovejoy moved that the insurance policy covering the above mentioned passenger depot be assigned to the Street Railway company, which motion was carried.

Mr. Lovejoy informed the board of the offer of an oil painting of the late James N. Brown, the first president of the Board of Agriculture, which the sons of Mr. Brown desired to present to this body.

On motion of Mr. Frake the board accepted the painting, with thanks, and ordered it hung in the office of the secretary of the board.

Mr. Marshall moved that the chair appoint a committee of three to pass upon the list of miscellaneous exhibits made at the fair of 1801, which motion was adopted.

The chair appointed Messrs. Marshall, Rehm and Rossiter as such committee.

Mr. Lovejoy moved that the ages of cattle, sheep and hogs on exhibition at the 1902 fair be reckoned from September 1st, which motion was adopted.

Mr. Frake moved that the superintendent have made 40 extra large coops for turkeys, which motion was adopted.

The Woman's Board of Lady Managers filed a report of their de partment for 1901, which was read and ordered filed.

The letter of Mrs. E. H. Springer was read and referred to Mr. Cater, superintendent of the dairy department.

The letter of the American Short-Horn Association, offering special premiums, was read and referred to Mr. Prather, superintendent of beef cattle.

Mr. Crebs moved that a band stand be erected in the center of the Exposition Building, under the supervision of the general superintendent, and the superintendent of the mercantile exhibit, which motion was adopted.

Mr. Crebs moved that the decoration of the Exposition building be left to the superintendents, which motion was adopted.

Mr. Rehm moved that the board employ an extra policeman to act as day watch on the fair grounds, and that his pay be $50 per month, and that the time of employment be left to the general superintendent, which motion was adopted.

Mr. Lovejoy moved that Mr. Rossiter be authorized to adjust the claim of H. O. Irwin for building retaining wall on the south side of the Coliseum, which motion was adopted.

Mr. Geo. W. Dunseth petitioned the board to appoint a committee of three members to re-assign the space in the Dome Building, praying that the farm products be given all the ground floor except the northeast corner.

Mr. Vittum moved that the chair appoint a committee on space in the Dome Building, to make a re-assignment of space to the several departments occupying that building, which motion was adopted.

The chair appointed Messrs. Madden, Pearce and Rehm as a committee on space.

Mr. Madden moved that the owners of speed horses, where they have made *bona fide* entries, be given stalls free of charge, which motion was adopted.

Mr. Rossiter submitted a report relative to the proposed improvement of the water service on the fair grounds, giving details of the work, and an approximate cost of laying same, etc.

Mr. Frake moved that the laying of the new water mains be left to the grounds committee, with full power to act for the board in the premises, which motion was adopted.

Mr. Rossiter moved that the pay of Robert Rotramel, custodian of the fair grounds, be fixed at $35 per month, which motion was adopted.

Mr. Lovejoy moved that the dates of the Illinois State Fair be fixed for September 28—October 4, 1902, the dates recommended by the Western Association of Fairs and Expositions, which motion was adopted.

Mr. Frake suggested that when the Woman's Building is rebuilt it be located southwest of the Dome Building.

Mr. Madden moved that a special committee of at least five members be appointed by the chair, to be known as the Special Committee on Program for the celebration of the fiftieth anniversary of the Board of Agriculture; that said committee be and is hereby authorized to exercise its discretion in making said program, and full power to act in the premises is hereby conferred, which motion was adopted, and the chair appointed as such committee Messrs. Madden, Lovejoy, Dickirson, Barber, Rehm and the secretary.

The chair appointed as a special committee to assist in the promotion of a subway under the Chicago & Alton railroad, at the junction of Ninth street and Keyes avenue, Messrs. Prather, Tatman and Treasurer E. A. Hall.

The special committee appointed to report on the matters contained in the president's address, submitted the following report, which was approved, ordered placed on file and published in the annual report ot the board:

ON PRESIDENT'S ADDRESS.

To the Honorable State Board of Agriculture:

GENTLEMEN—We, your committee to whom has been referred our president's annual message, would respectfully report as follows:

As a whole, we emphatically endorse the same in every respect, and are thoroughly in accord with his views in general. We also admire the brilliancy of thought and careful study, interpersed with so much good sense, in calling the attention of the board to the many needs for the future.

First—Referring to the part entitled "Our Jubilee," we would recommend that the fair of 1902 be designated as the Golden Anniversary, and so advertised, and that all arrangements regarding this anniversary shall be referred to a committee of three to be appointed by the president, to make the necessary arrangements and formulate a program, as suggested in his report.

Second—As regarding needs for the future, we would urge the matter of a Woman's Building be referred to the committee on construction, and if possible that they report at this meeting.

Third—That this committee are thoroughly in accordance with his ideas regarding the water supply, and recommend that steps be taken to carry out the same.

Fourth—We fully believe that, as stated in his report, one of the greatest needs we have is a better transportation service from the city to the fair grounds; and also the better adorning of the grounds by setting out trees on the bare places, or wherever needed, and that these matters be referred to the proper committees.

Fifth—We further recommend that his suggestion regarding a U. S. post-office and money order department be fully carried out.

We also appreciate what our president says regarding the untiring efforts of our secretary, in his careful supervision of the work on the grounds, and of the services performed by Mr. Rossiter.

All of which is respectfully submitted,

A. J. LOVEJOY,
J. K. DICKIRSON,
A. D. BARBER,
Committee.

On motion the board adjourned subject to the call of the president.

ITEMIZED STATEMENT

OF THE

RECEIPTS AND EXPENDITURES

OF THE

ILLINOIS STATE BOARD OF AGRICULTURE

FOR THE YEAR 1901.

RECEIPTS.

RECEIPTS FROM APPROPRIATIONS MADE BY THE GENERAL ASSEMBLY.

ILLINOIS FAIRS.

The following tables give much interesting information concerning fairs held in this State:

STATE APPROPRIATIONS.

Since and including the year 1870, the sum of $7,722,280 has been offered by the agricultural boards of this State to the enterprising people of the world, as an incentive to exhibit at our fairs the best results in the breeding of stock, the skill of the inventor and manufacturer of labor-saving farm machinery and implements, the growing of superior specimens of agricultural products, etc.

All the citizens of the State have shared in the benefits to agriculture resulting from the holding of over two thousand (2,595) fairs in various portions of the State during the period named, and have never questioned the wisdom of paying the limited amount appropriated to county and other agricultural societies.

It will be seen from the following table that the State appropriation to the societies the last 23 years is but a small proportion of the amount of premiums offered by the fair associations:

Year.	Premiums offered by fair associations.	State appropriations to agricultural boards.	Per cent State appropriation to premiums offered.
1877	$230,300	$10,100	4.38
1878	224,007	10,500	4.67
1879	241,083	10,800	4.52
1880	217,645	10,300	4.68
1881	209,802	10,000	4.76
1882	254,031	11,400	4.49
1883	248,616	11,300	4.51
1884	279,649	12,900	4.78
1885	247,385	12,800	5.17
1886	266,248	12,600	4.73
1887	264,031	12,400	4.70
1888	276,414	13,600	4.92
1889	280,313	13,300	4.39
1890	306,213	13,300	4.34
1891	359,498	13,700	3.81
1892	338,614	13,500	4.00
1893	219,520	5,200	2.37
1894	262,879	10,700	4.07
1895	311,062	11,800	3.79
1896	277,177	11,700	4.22
1897	246,232	18,100	7.35
1898	240,233	16,600	6.90
1899	241,704	16,800	6.95
1900	243,990	17,200	7.05
1901	262,110	17,600	6.71

The following table gives the number of entries and amount of entries and the amount of premiums offered and paid during the past 32 years at the fairs held in this State, so far as reported.

Year.	Number of fairs reported	Number of entries	Amount of premiums offered	Amount of premiums paid
1870	56	39,188	$108,145	$ 85,154
1871	49	51,373	117,381	92,426
1872	51	51,793	105,396	82,989
1873	70	63,105	151,324	112,360
1874	89	89,763	206,481	145,401

STATE FAIRS.

The following tables give the amount of premiums offered by the managers of the Illinois State Fair since its organization in 1853. It will be seen that the growth in each department has been steady, and has been met by the management with increased inducements in the way of premiums in each of the departments.

The first of the succeeding tables gives the aggregate amount offered during the past 49 years in each department, and the second the amount offered each year:

Cattle	$162,296
Horses, mules and equestrianism	190,901
Speed	133,460
Sheep	57,166
Swine	55,950
Poultry	24,505
Mechanic arts	13,119
Farm products	59,217
Horticulture and floriculture	49,141
Fine art	12,667
Textile fabrics	25,483
Natural history	9,974
Education	16,425
Dairy and pantry stores	37,668
Miscellaneous	21,139
Total	$869,111

Amount of Premiums Offered by the Illinois State Fair, 1853-1901.

Respectfully submitted,

W. C. GARRARD, *Secretary.*

CANADA THISTLES.

An act concerning Canada thistles, and in force March 15, 1872, provides that—

"The commissioners shall annually, before the first day of November, make a written report to the supervisor of the town, or to the county commissioners, as the case may be, which report shall be filed with the town clerk, or in counties not under township organization, with the county clerk. The report made to the supervisor shall be publicly read at the annual town meeting. Said report shall state:

First—Whether there are or not any Canada thistles growing in the town or precinct.

Second—If any are growing, where, and how many, and when introduced.

Third—A detailed statement of his treatment of each infected tract, with the cost and result.

Fourth—He shall report such other matters as may be required of him by the of town auditors, or by the county commissioners.

Fifth—He shall state his views on their further treatment, and make such suggestions and recommendations as he may deem proper and useful.

And he shall also forward a copy of said report to the secretary of the State Board of Agriculture, who shall collate and report the same to the Governor by the first day of December of each year."

The law in relation to the Canada thistles has been observed to a very limited extent.

The following are the reports received by the secretary of the State Board of Agriculture for the year 1901.

DeKALB COUNTY.

Report of C. W. Colton, commissioner of Canada thistles for the town of Clinton and county of DeKalb would report that said thistles are now growing in said town on the following farms: Wm. Harrison, Carl Miller, J. McNish, R. R. Brown, A. G. Gilchrist, L. Granart, H. Kirkpatrick, J. D. Roberts, (or old Geo. Hill farm), J. D. Roberts, (or old R. M. Pritchard farm), Ed Grady, Mrs. W. R. Low, Mrs. M. J. O'Conner, W. F. Spence, C. Boerkenhour, James Boylen, H. Greeley, Michael Rissmen, W. Leitheir.

But few thistles were found on the Wm. Harrison farm. They are trying to kill them out by smothering them and have partly succeeded.

There are two patches on the Carl Miller farm, one in a corn field and the other in an oat field. They were dug up and not allowed to seed.

The patch on the J. McNish farm were plowed and hoed and left uncropped. But few thistles were found this fall.

The two patches on the R. R. Brown farm, one in the pasture and the other in the meadow, were hoed and dug up and are smaller than two years ago.

There are two patches on the A. Gilchrist farm, one of which was found last year. Mr. Gilchrist kept them down by plowing the ground and digging them up, and this fall there are but few to be found.

Mr. Granart found a few in his hog pasture. He dug them up and is doing what he can to exterminate them.

There are two patches on the H. Kirkpatrick farm. They were dug up and I think there are less this fall than there has been for a number of years.

Two patches were found in a pasture of the old Geo. Hill farm (owned by J. D. Roberts). One was plowed a number of times and the other they salted the cattle on. The thistles are diminishing.

There are four patches on the old R. M. Pritchard farm (one of which we found this year), two in the pasture, one in the cornfield, and potatoes were planted on the other. The two where corn and potatoes were planted were cultivated and the thistles were pulled up. Of the two patches in the pasture, one was plowed a number of times and the thistles on the other were dug up.

But few thistles were found on the Ed. Grady farm and they were dug up.

I did not know of the patch on Mrs. W. R. Sow's farm until September. They were small then and were watched so did not go to seed.

The patch on the O'Connor farm was in a cornfield. It was partly looked after but not as well as it should have been.

Mr. W. F. Spencer planted corn on his thistle patches and tried to exterminate them by hoeing after cultivating.

The patch on the James Boylen farm is a large one, and, while it was plowed, it might have been looked after better. I think Frank Greeley is more thorough with his thistles than any one in this town. He goes to the thistle patch once each week and hoes and digs up all to be found. He continues this from the time they start in the spring until it is too late for them to grow in the fall. He claims he exterminated a patch last year and hopes to clear their farm of them this year.

But few thistles were found on the Charlie Boerkenhour farm and they were dug up.

Charlie Reisman has two patches which contain more thistles than any other two patches in town. They had been neglected for two years, but after your thistle commissioner called on him in the spring he went to work and plowed the thistles up, and after that did what he could to exterminate them.

Wm. Leifheit had a patch in his meadow and in June went to work and plowed them up and this fall I could find but few thistles there.

During the two years that this town was without a thistle commissioner quite a good many patches were allowed to go without being looked after, but I am gratified to see how well the farmers have taken hold and have tried to exterminate them during the past year. I know of no better way to treat thistles than the way I have said Frank Greeley was doing, and I would recommend that all farmers who have thistles to contend with adopt the same plan.

DuPAGE COUNTY.

Report of JOHN EDWARDS, Canada thistle commissioner of Naperville township.

The commissioner of Canada thistles for the town of Naperville, DuPage county, Illinois, would report that said thistles are now growing in said town on the farms of Elias B. Ketchum, Matt Fiddles, Stephen Thatcher, Francis Granger, Albert Ehrhart, F. Berger, Jerry Fraley, Frank Winckler, A. H. Strubler, George Winckler, Milton Crampton, Peter Tasson, M. Stredte,

James Cromer, Fred Schultz, Barbara Fitzer, Samuel Shimp, Thomas Hunt, Giles Strong, Ed Strong Daniel Schwartz and the following in "Exhibit A" hereto annexed.

EXHIBIT A—W. B. Goodwin, Leonard Thies, James Blair, Joseph Blake, J. Stoner, John Augsburg, J. T. Kerr, Mrs. Nadelhoffer, John Lusley, William Ehrhardt, E. J. & E. Railroad, Mrs. Thomson, Frank Stoner, John Farereau, F. Long, Phelix Moyer, M. T. Minor, Adolph Hammersmith, Chas. Boettger estate, Martin estate, Amos Vaughan, M. Vaughan, J. C. Tenney, Ed Strong, Christoffel, tenant, W. W. Ferry, Nick Paul, J. Johnson, G. Simpson estate, L. E. Ketchum, H. E. Bartholomew, Ernest Hill, C. B. & Q. railroad, Edgar Simpson, F. O. Simpson, C. Kuhn, Ed Ehrhardt, Tony Schwartz, Nancy Stewart, William George, P. Moyer, Martin Hughes, Albert Eichelberge, Chas. Passweiler, Bernard Babel, Walter Hartman, Edward Goetsch, Nichols estate, J. B. Goss, Wm. Ashling, Adam Kohley, George Deihl, E. Howse, H. Bilter, William Schweikert, T. G. Pike, H. Moller, Levi Grostefon, Mort Wagner, Joseph Dredel, Adam Keller, McDowell estate, B. Hughes, Stuttenroth estate, D Sollenburger, Isaac N. Murray, John Stinger, Nick Berger, John Mattel, D. A. Knight as tenant, Ferry estate, Wallace Jones, C. Boyd, H. B. Hill, F. Paxton, E. S. Paxton, Mrs. Euck and William Fey, and that the same were introduced at time unknown and by means unknown. That his treatment of same has been by experimentation upon a patch of about ten feet square, by using upon said patch carbolic acid and salt water brine and that the result of said treatment has been good and successful, especially with brine and that the cost of said treatment would be, in his opinion, about from $50 to $60 per acre, including labor expended, and that he believes the said thistles should be treated for the further period of two years at least in the same way by which he believes they would be eradicated entirely.

Said commissioner would suggest and recommend that all large patches of thistles be plowed deeply, and as often as they show themselves during the plowing season and that they be harrowed and dragged after each such plowing and that all the roots of said thistles be gathered and destroyed by burning same. Such, in my judgment, is the best and most efficacious way of destroying Canada thistles.

GRUNDY COUNTY.

Report of J. E. Haskins, commissioner of Canada thistles, Goodfarm township:

I find there are at least 33 patches of Canada thistles growing on 22 different sections of land, ranging in size from one thistle to four rods square.

I can give no information as to how they were first introduced.

As to treatment I have received a promise from the owners or occupants of each infected tract to prevent the ripening of the seed and left it to each individual to apply the treatment which he deemed best.

I would recommend as the most effective method of killing the Canada thistle: Smothering by mulching or frequent plowing of the ground.

Accompanying this report is given the names of the owner and the subdivision of the section on which Canada thistles are now growing.

Geo. Hornberger, S.W. ¼ of N.W. ¼ Sec. 2; Leonard Bower, N.W. ¼ of N.E. ¼ Sec. 2; Fred Burkhardt, S.W. ¼ of S.W. ¼ Sec. 3; I. B. Walker, east 20 acres S. ½ of N.W. ¼ Sec. 4; Geo. Ash, S. KANE COUNTY.

Report of JOHN F. NORTON, Commissioner of Canada Thistles, St. Charles township.

The Commissioner of Canada Thistles for the town of St. Charles in said county, would report that said thistles are now growing in said town on the following farms and highways:

EAST ST. CHARLES.

Dewitt Snow—2.

1 pasture n. e. corner of, by Brown's fence.
1 south of these on knoll.

J. B. Brown—2.

1 center of plowfield near north end.
1 north end of pasture.
1 west side of pasture.

John White—1.

1 pasture. n. w. of barn.

E. D. Hall—2.

2 orchard.

Wm. M. Matteson—8.

2 orchard.
2 meadow by stacks.
1 plowfield.
1 meadow west of road.
3 wood lot.

John Judd—2.

2 pasture in woods.

Fred Arndt—3.

2 oats on hill and near n. and s. road.
1 meadow s. e. of these.

J. B. Moore (Burchell farm)—8.

1 oats, all through field.
2 south of railroad (meadow).
6 pasture.

James Brennan—8.

4 south of house.
1 field north of house.
1 field north of railroad.
1 south of railroad, near east gate.
1 pasture n. e. of tree.

C. D. Wing—1.

1 patch.

J. H. Kintz—5.

2 field south of house.
1 field and hedge south of east barn.
2 field s. e. of barn.

Chas. Chovin farm—1.

1 pasture.

B. T. Hunt—2.

1 center of plowfield, 2 rods n. of meadow.
1 2 rods w. of corn crib.

Levi and Wm. Norse—1.

1 block in first ward of city of St. Charles.

Wheeler and Hempstead—1.

1 pond lot in first ward.

J. B. Moore (Perkins farm)—4.

3 pasture east of cemetery, near crab trees.
1 s. w. of these on Ear creek, by willows.
1 by road bridge.
1 plowfield s. e. of house, north of cherry tree

Emery Moore—10.

1 meadow ½ mile east of barn.
1 orchard.
5 pasture, scattered from road to creek.
3 pasture west of creek.

Chas. Gray—1.

1 pasture e. of road, edge of slough near McKindley s.

E. A. Gray—1.

1 small patch.

Thomas Horlick—1.

1 pasture.

A. L. Laughlin Estate (Disbrow farm).—2.

2 pasture west of creek, edge of timber.

Charles Fletcher—3.

1 pasture near creek.
2 south of barn in breaking.

Hattie Fletcher—3.

1 pasture s. e. in woods.
2 patches n. e. in woods pasture.

M. W. Dunham—3.

1 in woods near Glos' fence.
2 patches west side of road in deer park.

Fred Glos—1.

1 small patch by Dunham's fence.

—— Dickerman—3.

3 pasture, 1 n. e. corner, 1 s. of these by elms, 1 edge of timber.

A. B. Kersl aw Estate—1.

1 pasture n. w. of barn, edge of timber.

Frank Teft—3.

1 oats near Kershaw's fence.
1 plowfield south of west field, on hill.
1 pasture by maples.

Mrs. E. P. Tuck—4.

1 meadow.
1 corn east of road.
2 near gate on the e. and w. road.

C. W. Hale—2.

1 north side of house.
1 corner of meadow.

Mary Gilbert—3.

3 pasture, near Hale's farm.

Wm. Redlker—1.

1 pasture near river.

O. Gunderson Estate.

1 pasture in woods.

Sam Johnson—2.

1 pasture and field.
1 north of house.

John Hawker—4.

2 field n. w. of house.
1 field west of barn.
1 pasture north of house.

Albert Neuman—6.

1 field near well, south of house.
5 pasture n. w. of house.

Frank Brown—2.

1 meadow s. w. of barn.
1 east of road.

Aug. Avelson—2.

2 pasture.

Aug. Carlson—1.

1 pasture, east end.

Mrs. John Johnson—1.

1 pasture by Carlson shed.

John Peterson—3.

1 field running into Carlson road.
2 pasture.

Andrew Peterson—4.

1 plowfield north of house.
1 pasture n. w. of barn, in ravine.
1 s. of these on section line.
1 east in small pasture.

John Elfred Peterson—7.

1 plowfield.
6 pasture.

John Lindgreen—1.

1 field near J. A. Peterson.

John Hagstrom—2.

1 pasture, n. e corner.
1 field west of barn.

Mrs. Newman—2.

1 pasture, north of barn 10 rods.
1 southeast of these by fence.

John Moss Estate—6.

1 pasture, 5 rods up hill from spring, in sag in bush.
1 Switzer piece, s. w. of barn on hill.
1 Moburgh field, west of r. r., north of fence near elm tree.
2 east of barn.
1 Moburgh field, east of house.

Geo. S. Chisholm—1.

1 s. e. of boathouse, on Bristol place.

Gus Johnson—1.

1 pasture north of house.

Fred Peterson—2.

1 field in Tomlin's place, in ditch.
1 west of house.

Erlin Johnson—2.

1 pasture northwest of house.
1 20 rods northwest of these.

Neil Johnson—2.

1 pasture northwest of barn.
1 plowfield n. w. corner, south of run near road.

Gust Johnson—1.

1 pasture.

F. B. Hunt—6.

1 pasture, s. of drive 5 rods, by white oaks.
1 south in sag.
1 by Fay fence.
1 southwest of these.
1 in grove.
1 meadow, northwest corner.

Robert Allen Estate—5.

4 pasture east of house.
1 n. e. pasture.

Sam Lee—9.

3 pasture north of road.
1 pasture west of road near three rocks.
2 more in same pasture.
1 Lundgreen pasture.
1 east pasture.
1 field west of road.

John Gustefson—2.

1 north field.
1 Albrow pasture.

B. T. Hunt—1.

1 pasture near Wash. Stewart's.

Dr. H. M. Crawford Estate—1. (new)

1 patch in pasture east of road.

Aug. Lungreen—9.

1 south pasture near large red stone, about 5 rods w. of n. w. corner of plow field.
2 south of this about 5 rods.
1 s. w. of those about 10 rods.
4 west, scattered about 5 rods east of R. R.
1 on bank of ravine by R. R.

Joe Clark—11.

2 pasture, n. e. corner on hill.
1 s. e. corner, by elms.
1 west of ravine in timber, by three oaks and one stump.
1 west of these by stump.
1 by stump near apple tree, 4 rods from fence.
1 north of fence corner, side of ravine in pasture.
1 ravine in north end.
2 field by walnut tree, east of west road.
1 east of these.

Mike Brennan—1.

1 in 20 acre lot s. w. from Jerry O'Brien's farm, (new.)

Geo. Myers—6.

3 river pasture.
1 east of river pasture in ravine.
1 east of river pasture, north side.
1 plow field.

Neils Peterson—1.

1 Barry piece.

Chicago Gt. Western R. R., E. Section—6.

1 ½ mile west of county line.
1 ¼ mile west of county line.
1 1 mile west of county line.

West Section.

1 Wm. Kimball farm, between bridges 411 and 412, on both sides of track.
1 west of Marshall crossing, n. of track.
1 by mound on Wheeler farm, n. w. of gravel pit.

S. S. Jones Estate—2.

2 orchard on Nichols road.

John Cutler—2.

2 pasture.

Mrs. Anna Kehoe—2.

1 in pasture 4 rods from barn, east.
1 2 rods west of horse barn.

David Anderson—4.

1 pasture, n. e. corner, by hedge.
1 straight south of these, by road, north of stone.
1 by south line fence.
1 n. w. of these 6 or 8 rods.

1 in gravel pit north of Parks' house (new.)

Lyman German—4.

1 cornfield north of road.
1 n. w. of gate about 4 rods.
1 n. w. of these in center of field.
1 west of these near hedge.

S. S. Pembleton Estate—1.

1 pasture 3 rods from n. and s. road, 10 or 12 rods n. of willow trees.

John Wilson Estate—East Farm—3.

1 cornfield n. of road by hedge.
1 meadow n. w. of barn.
1 pasture west of barn.

West Farm—1.

1 pasture, south side.

M. Colton Estate—2.

1 field north of Humphrey's house.
1 woods.

Wm. Humphrey—3.

1 plowfield south of barn.
1 pasture.
1 cornfield, east side.

A. J. Nichols Estate—2.

1 pasture south of ditch.
1 field west of pasture.

Wm. Balls—2.

1 on east side of Humphrey's fence.
1 in wood lot (new).

C. I. Minard—4.

1 plowfield e. of meadow near R. R.
1 field n. w. of barn.
1 meadow north of R. R.
1 pasture.

Samuel Eastman—3.

3 pastures.

J. T. Durant Estate—1.

1 plowfield.

Geo. Roth—3.

1 plowfield s. w. of barn, on hill near slough.
1 plowfield near Wilson road, s. e. of hill.
1 pasture, field south of barn.

W. H. Smart—3.

1 cornfield off pasture s. e. of barn.
1 pasture s. e. of barn.
1 cornfield s. e. of pasture.

Wm. McWilliams—3.

1 pasture west of orchard on side of hill, running in hollow.
1 n. w. of pond, in clear.
1 north of pond by Lincoln's rail fence.

P. Coughlin's Estate—3.

1 pasture by gravel pit.
1 pasture near Colton's.
1 pasture north of road.

Andrew Anderson—1.

1 by hedge on north side of cornfield, near tree.

C. T. Lincoln—5.

1 east side of n. and s. road, near R. R.
1 woods pasture.
3 in woods pasture w. of barn, new patches.

—— Moran—4.

1 pasture west of three trees in the clear.
1 near Peterson line.
1 in slough near barn.
1 plowfield south of road.

Fred Smith—1.

1 pasture near Ponsonby's fence.

Godfrey Peterson—1.

1 pasture.

Formerly Dan'l Fellows' Farm—1.

1 wood lot, east of Godfrey Peterson's pasture.

C. T. Shaver—4.

1 pasture off field near Ponsonby's corn crib.
1 north of creek by spring.
1 corner meadow pasture.
1 west pasture.

Wm. Marshall—5.

2 pastures by pond.
1 pasture northeast corner.
2 plow field north of house.

Patrick Dailey Estate—1.

1 meadow south of road.

D. Ponsonby Farm—3.

1 field south of house.
1 orchard.
1 pasture.

Geo. Bergland—3.

1 pasture west of Ponsonby's road, 15 rods south of gate.
2 pastures north of ravine.

Delos Norton—5.

3 pastures northeast of lake over hill, 4 or 5 rods southwest of tin pile.
1 east of tin pile.
1 20 rods northeast of lake on knoll.

Margaret Horton—1.

1 wood pasture 10 rods north from gate near Brown's pasture.

Dan Murphy—2.

2 southwest corner of pasture.

A. W. Hawkins—6.

2 plow field east of road.
2 southeast corner, near Borman's.
1 north pasture east of creek.
1 north of orchard.

J. W. Wilcox—5.

1 field south of road.
1 field north of road.
3 pastures in woods.

C. C. Burr—7.

1 by road south of house.
1 pasture by east and west road.
1 pasture creek.
1 pasture west of barn by fence.
3 orchard, 1 in southwest corner, 2 in northwest corner.

A. A. Burr—16.

1 field west of road on hill.
1 field breaking west of these.
14 pastures.

—21 A.

C. Elvin—1.

1 plowfield.

J. DeLaney—5.

3 pasture east of road.
2 west of road.

—. Woolf—2.

1 pasture (new).

Chas. Pitchow—6.

1 pasture near Stowell's.
2 pasture in grove west of these.
1 near barn.
2 near gravel pit, in west pasture (new).

Wash Stowell—4.

1 cornfield south of pasture.
3 west of barn in pasture (new).

M. Drenner—1.

1 pasture near Foley's.

A. H. Blanchard—6.

1 meadow west of house.
5 new patches.

H. C. Blanchard—3.

1 field south of creek.
2 pastures.

John Baldwin—2.

2 north end of farm near fence.

P. A. Peterson—4.

2 field by the Hempstead farm.
2 pasture, near stumps in middle of pasture south of road.

J. R. Lefever—11.

2 pasture north of house.
1 pasture west of house by spring.
5 southwest corner, in the brush.
1 east of these near stump.
1 east of these near fence.
1 west of house by brush pile.

Gust. Borman—3.

2 plow field southeast of house.
1 pasture southwest.

P. Hempstead—3.

1 pasture west of pond.
1 pasture east of pond.
1 breaking west of barn.

Geo. March—8.

2 meadow south of house.
4 pasture east of creek.
2 pasture west of creek.

R. N. Botsford—2.

1 near Peterson's in thorn brush.
1 near Blanchard's in center.

G. P. Blanchard Estate—8.

1 plowfield near Kingsbury.
6 pasture.
1 horse pasture in southwest corner.

Otto Borman—1.

1 plowfield, 10 rods northwest of school house.

J. W. Gibson—4.

2 meadow northeast of barn.
1 pasture southwest of barn.
1 corner of the orchard.

Irving Kingsbury—3.

1 field northwest of barn; large patch.
2 pasture south of road.

James Kavanaugh—1.

1 pasture.

N. Dillon—3.

2 pastures
1 new patch.

John McCoy—3.

3 pasture.

Dr. S. P. Brown—8.

1 center field, near cross road, about 20 rods east of bend in the road, on the hill.
2 west pasture.
1 new meadow, northwest of barn, near cherry tree, by Foley's land.
1 breaking planted to corn; west field.
1 center of west field, 15 rods from cross road and about 10 rods west of bend in road.
1 east field, three rods west of crabs and five rods north of cross road.
1 east plowfield, 10 rods from Foley's fence south of run.

Alf. Bosworth—3.

1 field west of barn.
1 field north of house.
1 field east of house by Brown's, near cross road.

Thomas Foley—11.

2 Blackman farm—1 meadow, 1 pasture.
1 Higgins farm.
3 Switzer farm.
2 on river flat.
3 Hall farm—1 pasture, 2 northwest field.

James Winteringham—2.

1 river flat.
1 plowfield west of barn.

Martin Switzer—7.

1 plowfield near McCoy's, east of road.
2 river pasture.
1 west of road, near Foley's.
1 plowfield.
1 corner of pasture.
1 south of house.

John Saterfield—5.

1 plowfield near Altin's.
4 pasture; southwest corner, west of creek—1 north of these, 1 west of these.

John Altin—4.

2 river pasture.
1 west pasture, southwest corner.
1 west pasture north side.

T. E. Ryan—4

2 pasture, south side of grove.
1 gravel pit.
1 north side running into lane.

Van Allen & Gray (George Ferson Farm)—20.

1 lot east of railroad switch.
1 in lane.
2 grove southeast of standpipe.
1 stone pile.
5 meadow east of Erickson's.
1 north field.
1 north oatfield near gate.
7 pasture north in brush.
1 pasture, north of these by dead trees in edge of timber.

Van Allen & Gray (Dean Ferson Farm)—6.

3 north end of pasture near dead trees.
1 south of these about 45 rods.
1 south of these near large tree.
1 brick yard, east of kilns.

Van Allen & Gray (John Ferson Farm)—18.

3 fields by standpipe.
10 in brush northwest of these.
2 pasture northeast of these.
1 northwest of railroad water tank.
2 pasture near Elgin road.

Van Allen & Gray (on Wheeler farm)—4.

1 pasture near E. & W. Blanchard road.
1 20 rods west of those.
1 timber between two ravines.
1 on river bottom 4 rods west of two large trees.

Coleman Bros.—7.

1 picnic grounds.
1 northwest meadow.
1 northwest meadow, south, near oaks.
1 near gravel pit.
1 meadow west of potato field.
2 south of gravel pit.

Chas. Sorn—6.

5 river pasture.
1 corn n. e. of barn.

John Keating Estate—6.

2 river pasture.
4 wood lot.

Wm. Grote—3.

1 plowfield s. w. of house.
1 pasture just inside road gate.
1 river flat.

Herbert Nicholson (Farnsworth place)—2.

1 meadow, east from two trees on railroad about eight rods.
1 two rods s. e. of spring house.

David Anderson—1.

1 pasture.

—— Van Sicklin—2.

1 plow field east of railroad. Large patch.
1 gravel pit west of road.

HIGHWAYS.

East Side of River—6.

2 on Moore road; 1 north of bridge; 1 by E. Moore's orchard.
1 n. e. Joe Kirk house, east side of road.
1 Carlson road by John Peterson's.
1 Dickerman's, near tank in pasture.
1 north of Foote farm, opposite cherry tree.

West Side of River—6.

1 n. e. of Wilson brick house, north of road by hedge. Large patch.
1 n. e. of Humprey's house, running into Colton's field.
1 in road by Wilson's farm.
1 in road by Colton farm.
1 C. C. Burr's, e. of west road into pasture.
1 south of C. C. Burr's house.

RAILWAYS.

Elgin, Aurora and Southern Traction R. R. (Electric,)—3.

1 west of track, n. of tile culvert by Sam Lee's.
1 west of track, by Meyers' place.
1 east of track, by Sorn's place.

Illinois Central R. R.—4.

1 east of river bridge about 25 rods.
3 gravel pit at Coleman.

Chicago & Northwestern R. R.—1.

1 by Van Sicklin's field, e. of track.

Chicago Great Western R. R. (Duplicate of list on p. 6 of this report.)—6.

East Section.

1 near Bishop farm near w. post.
1 near Brennan farm w. of s. gate, north of track.
1 near Brennan farm near e. gate, south of track.

West Section.

1 William Kimble from, between bridges 411 and 412, on both sides track.
1 west of Marshall crossing, n. of track.
1 by mound on Wheeler farm, n.w. of gravel pit.

The whole number of farms and pieces of land upon which your commissioner has found Canada thistles is one hundred and sixty-five (165), and the whole number of patches found on said land is five hundred and forty-seven (547).

Your commissioner has spent in this work the total number thirty-five (35) days, as follows:

June, 11 days	$22 00
July, 12 days	24 00
Aug., 12 days	24 00
Total, 35 days	$70 00
Total number of days, 35, $2 per day	$70 00
For printing	2 00
Total amount due commissioner	$72 00

All of which is respectfully submitted.

Your commissioner finds that most of the parties on whose land Canada thistles grew tried to prevent them from going to seed, and looked after them very well.

PUTNAM COUNTY.

Report of J. O. WIENSHIP, Canada thistle commissioner, Senachwine township.

Of the five patches of Canada thistles in this township three are exterminated. One was smothered by stacking straw on it and two were continually dug out to a good depth and kerosene and salt put on the remaining portion of toproot where too deep to dig out. The other two patches have been continually cut below the surface but some plants continue to sprout up from the deeper roots. They have been well confined to the original patches and none have gone to seed. I am in hopes this next season will see the last plant exterminated.

TAZEWELL COUNTY.

Report of A. J. BRENNEMANN, commissioner of Canada thistles, Boynton township:

The commissioner of Canada thistles for the town of Boynton, Tazewell county, Illinois, would report that said thistles are now found growing during the season of 1901 in said town on the farm of John Kennedy, two and one-fourth miles southeast of Boynton Center. I have consulted and advised with John Kennedy. By hoeing the thistles every week or two during the growing season of 1901 by the the owner of the land, John Kennedy, and that I believe said thistles should be treated for another year in the same way by which time they will probebly be entirely eradicated.

WILL COUNTY.

Report of ALEX. W. ARRASMITH, commissioner of Canada thistles, Joliet township:

The commissioner of Canada thistles for the town of Joliet, Will county, Illinois, would report that Canada thistles are growing in the town, on nearly all farms in said town and also on city lots in large and small patches to the number of over 600, varying in size from a few feet square to one acre. As this is my first year my experience with Canada thistles is not very extensive and the few experiments that I have tried cannot be relied on until another year. I have tried coal oil, gasoline, salt and carbolic acid, and while they have apparently done the work in some cases, still they have not been satisfactory. Cutting them the last part of June and again the last of August, just before blossoming, will keep them from seeding and in some cases seems to have killed them. But I would recommend that thorough cultivation is the only sure way to exterminate them and would recommend the following: Plow the ground deep the first of July, sow a thick crop of millet, cut the

millet and plow and sow to rye, cut the rye and plow again and sow to millet, the following year plant to corn and work thoroughly and I am sure it will be a success. There are various ways that thistles are introduced. For instance, clover seed, timothy seed, from manure, from the stock yards, livery stables, and a few going to seed in isolated places or carelessness on the part of the farmer. I noticed that in the latter part of August that a worm similar to the wire worm in corn was killing hundreds of stalks of Canada thistles. Whether permanently or not I cannot say.

Report of ERNEST GINTER, Canada thistle commissioner, Peotone township:

Number of patches this year, 140; number of patches last year, 241; decrease this year, 101. I do not know how they were introduced into this township. There were last year 21 patches on the public highway which, after a treatment with gasoline and salt, have been reduced to three at a very nominal cost. The farmers at whose farms any have been found treated them in a similar manner, some also by plowing. If the city of Chicago will exterminate their thistles on their unimproved property it is my opinion that we can eradicate them completely in a few years.

Report of JEROME T. SMITH, commissioner of Canada thistles, Plainfield township:

The commissioner of Canada thistles for the said town would report that said thistles were found on the farms of the undersigned: John Copps, C. Bronson, F. Harshbarker, D. King, E. Brown, A. G. Armore, S. Grundy, Will Deranerst. John Mars, Sash Spangler, A. F. Mathers, A. Smith, S. Drowolen, W. Goodson, John VanHorn, C. Stewart, W. Cryolen, P. Monroe, R. Wrider, J. Conant, J. R. Parks, H. Colson, C. E. Smith, K. Fouser, M. Spangler, Mrs. Rafter and H. Gerst. There were found 40 less patches this year than last. I would recommend cutting and keeping the thistles below the surface of the ground. Also salting to eradicate them.
